

Slashing Attack

Soviet Line Bittersweet

Gromyko To Attend Dulles Rites

GENEVA (UPI)—Soviet Foreign Minister Andrei Gromyko delivered one of his bitterest anti-Western tirades at the Geneva conference yesterday and then let it be known that he would go to Washington for the funeral of John Foster Dulles. (See page 5.)

A Soviet spokesman announced last night that Gromyko would join the big three Western foreign ministers and West German Chancellor Konrad Adenauer in attending the Washington rites Wednesday.

BITTER EXCHANGE

Only a short time before, Gromyko had exchanged bitter words with U.S. Secretary of State Christian A. Herter, accusing West Germany of attempting to "touch off a third world war."

Herter fired back by declaring bluntly that Gromyko's allegations were "slanders designed to resurrect old fears and bygone hatreds."

The big four foreign ministers conference exploded into angry debate just after Gromyko had joined Herter and the other Western foreign ministers in paying tribute to Dulles.

'DEEP SYMPATHY'

Gromyko had expressed "our deep sympathy" at America's loss. But he had kept the West guessing about whether he would fly to Washington until the Soviet announcement.

Gromyko and the West had agreed to recess the conference for two days—Wednesday and Thursday—to permit Herter and the other big three Western foreign ministers to go to Washington.

The U.S. Secretary of State, accompanied by Britain's Selwyn Lloyd, and France's Maurice Couve de Murville, will fly to Washington after a brief, early conference session scheduled for today.

WHICH CRAFT?

Soviet delegation spokesman Mikhail Kharmalov, asked whether Gromyko would go to Washington in his own plane, said "I do not know."

The Soviet decision to send Gromyko to the funeral of the man with whom he had so often traded angry words was seen here as an attempt to reap a propaganda harvest. Dulles was the man the Communists considered public enemy number one.

'VERY GLAD'

An American delegation spokesman here said that the U.S. delegation here was "very glad" that Gromyko could make the trip but it was made plain that he would not make the trip either in Herter's plane or that of Defence Secretary Neil H. McElroy.

The United States, meanwhile, was reported to have quietly quashed an East German attempt to use Dulles' funeral as a bid for recognition of Communist East Germany.

Embassy Child Snatched

ASUNCION, Paraguay, (UPI)—The baby granddaughter of Bolivian ambassador Luis Arzuza Daza has been kidnapped from the embassy residence here in what may be a political plot. It was disclosed yesterday.

Paraguayan police threw all their resources into a nationwide search for the 45-day-old girl, Maria Berta. They also began questioning some of the 300 Bolivian political exiles in the city.

Here's Goliath That Did the Damage

Thomas Alexander, 22, of 430 Niagara, is in "satisfactory" condition at Royal Jubilee Hospital after being run over by double wheels of huge trailer, above, in accident yesterday at Heaney's yard. At right are city

police traffic officers Walter Calwell, left, and Murray MacArthur talking to John B. Kennedy, 489 Grafton, driver at the time of the near-tragedy.—(Colonist photo by Bud Kinsman.)

PRINCE PHILIP
... wise-cracks

Big Welcome

Race Riot Area Seen By Prince

LONDON (Reuters)—Prince Philip Monday night toured Notting Hill—London's racial trouble spot—and found nothing but gaiety and wise-cracking teen-agers.

White and colored residents alike gave him a boisterous, friendly reception.

He went to two boys' clubs in the area where Kelo Cochrane, a 32-year-old West Indian Negro, was stabbed by one of a gang of white youths eight days ago.

Philip's light-hearted reception was the only aspect of the royal tour that occasionally embarrassed officials.

At a rugby club, a large crowd surrounded his car on arrival and he had difficulty getting out of the vehicle.

Canada Last On List For Bomarc

OTTAWA (CP)—Defence authorities said Monday that a shaky aspect of Canadian adoption of the American Bomarc anti-aircraft missile is that this country has no control over development or production of the weapon.

If development of the Bomarc-B, the solid-fuel missile which Canada is scheduled to put into operation in late 1961, were slowed in the U.S., Canada would have to wait longer for the weapon.

And if the U.S. decided against Bomarc-B production, this country would be left without an air defence weapon.

This problem has come to the forefront in recent weeks because of the controversy between the U.S. Army and Air Force over air defence missiles. The former is reported dead set against continued major investments in the Bomarc.

Officials said that Canada will not get the first Bomarc missile though this country lies in the direct path of any Soviet bomber assault on the United States. The first of these weapons will go to bases in the U.S.

The RCAF likes the Bomarc and is convinced it will attain its advertised performance: a range of more than 400 miles and effective operation from sea level to 90,000 feet.

The RCAF, however, does not regard the Bomarc as an exclusive weapon and still feels it should have a super-sonic manned interceptor to patrol Canadian air space if for no other reason.

Duplication Danger

Red Bids to Buy 'Don't Fool Us'

VANCOUVER (CP)—Overtures by Communist China and Russia to buy Canadian farm equipment are only efforts to purchase one or two units and then duplicate them in those countries, J. H. Shiner, vice-president in charge of marketing for Massey-Ferguson Ltd. said Monday.

He said the company had received "casual inquiries" about selling to Communist China and Russia "but we haven't been fooled."

Another danger about selling to China and Russia was that if Canada sold to them, they would expect to sell to Canada. With their wage rates this would mean trouble, he said.

DEAN G. F. CURTIS
... chairman

IWA Dispute

Law Dean To Judge Pay Fight

VANCOUVER (CP)—Dean George F. Curtis of the UBC law faculty will be chairman of a conciliation board to hear the B.C. coast lumber industry wage dispute.

Appointment was announced by Labor Minister Wicks Monday. Earlier, Terry Watt of Vancouver was named the industry's representative and James Bury was appointed representative of the IWA.

No date has been set for the first board meeting, Mr. Wicks said.

The IWA's 28,000 members are seeking a 20 per cent wage increase in their basic rate of \$1.72 an hour while the 141 operators have made no offer.

United Church Asks:

Tighten Up Tests For Drunkenness

VANCOUVER (CP)—A law to allow blood tests as evidence of drunkenness in traffic cases is being asked by the United Church in British Columbia.

In a resolution passed at its annual conference here, the church decided to ask both Ottawa and Victoria to consider a rating of more than .15 per cent blood alcohol as drunkenness and of more than .08 per cent as impairment.

At present a .15 reading is accepted as impairment by most police court magistrates. The conference will ask the Canadian Association of Broadcasters to reject all requests for liquor advertising on radio and television "in the interests of public welfare particularly at the family level."

In a third resolution, the B.C. government will be asked to turn "not less than one per cent" of its liquor sales profits towards alcohol education.

"The number of known alcoholics in B.C. is increasing annually at a continually accelerating rate," the resolution said.

For CCF

Indian Chief To Run

WINNIPEG (CP)—An Indian chief was named by the CCF party Monday to run for the Rupertsland seat in the Manitoba legislature.

Chief Alfred James Cook, 60, with a long record as an Indian leader, was named by the CCF provincial executive.

Most of Manitoba voted May 14 in a general election but elections in Rupertsland and Churchill, the other big northern constituency, were deferred to June 11 because of spring travel difficulties.

Hitchhikers and Their Drivers 'Help Push BCE into the Red'

Hitchhikers are helping push B.C. Electric transit operations in Greater Victoria into the red, Coun. Vincent Rush told Esquimalt council last night. (See Page 17.)

He suggested passing a by-law forbidding motorists from picking up hitchhikers within the municipality.

He's Still Alive To Tell the Tale

Miraculously alive and in "satisfactory" condition at Royal Jubilee Hospital is a young Victoria man who yesterday was run over by a five-ton trailer van.

Thomas Alexander, 22, of 430 Niagara, suffered under-terminated back injuries in the accident, which occurred in the yard of Heaney Cartage & Storage Ltd. on Quesnel Street.

TESTING BRAKES

Alexander, a mechanic at the yard, was under the huge trailer testing the vehicle's air brakes, at about 2.10 p.m.

Not knowing Alexander was working on the trailer, and unable to see him for its bulk, John B. Kennedy, 489 Grafton, got into the attached truck to move the vehicle.

RIGHT OVER BODY

One of the big double wheels passed right over Alexander's body. Empty weight of the trailer is 9,970 pounds.

The victim, still conscious, was rushed to hospital in a city police ambulance for treatment and X-rays.

'A MIRACLE'

The mechanic's wife, Mrs. Diane Alexander, who spent an anxious afternoon and evening awaiting outcome of X-rays at the hospital said, "I guess it's a miracle he's all right."

NO CHARMS

She said her husband does not carry any good luck charms, and that apart from a number of broken bones received while playing football in high school, this was the first time he had come so close to a tragedy.

JIM BISHOP: REPORTER

These men are a new breed. They are branch office stock brokers. Thousands of them work for a ribbon of paper with numbers on it and count their customers in the millions.

Stocks used to be the province of paunchy men with black cigars. They lost Wall Street in 1929. Now it belongs to the people. Little people, big people, the old, the newlyweds, the bus driver, the policeman, the widow all own a few shares.

Charles Savage is a symbol of the branch office broker. He runs a New Jersey office of a big New York company. He is short and stocky, a man of 58 with a little snow on top and shell-rim glasses. His little office turns over about \$10,000,000 in buy and sell orders

In Person, By Phone

Customers watch from the chairs. A few rub their chins. One orders 300 shares of W. R. Grace, the steamship people. At the market, this will cost him about \$14,500. A phone rings and Savage picks it up. A woman wants 10 shares of General Development. This will cost about \$220.

The orders to buy, to sell, come in all day. The moving tape writes, and having written, moves off the screen. Savage can quote, almost without checking, 140 stocks—the most active. In a day, he will phone 75 neighborhood customers—not to counsel them about buy-

Report Like Winchell

He has 3,400 accounts in the little towns around his office. At least once a day, he calls the big boss at home office with a report on branch office business. He talks swiftly, like Walter Winchell, and he doodles with a pencil as he talks.

At home he has a wife, two sons, and nearby, a best friend who takes him deep sea fishing every Saturday in a boat called Alice. He attends church every Sunday, not for appearance's sake, but because he doesn't want to break a life-long record.

Like most brokers in old houses, he advises against getting-rich-quick schemes. He ad-

each year, and is only one of 11 branches of the organization.

The office is about 30 feet by 20. There are three rows of cushioned, round-backed chairs for the customers. There are a few oil paintings on the walls. The windows are draped in monks cloth. Up front there is a blackboard. A young man watches the lighted moving ticker tape on top of the board and, with chalk, jots the latest prices of stocks on the New York Exchange and the American Exchange.

ing—but to let them know how their stocks are doing. "Hello, Jack," he will say to Jack Sullivan. "I just want you to know that your New York Central is holding firm at 27, and the market opened this morning a little mixed. Industrials are about two points off. Thank you."

Savage started as a railroad telegrapher, became a brokerage telegrapher back in the days when the news was flashed from coast to coast by dot and dash, and worked his way up to manager. He earns about \$15,000 a year, plus about \$2,000 from his own conservative investments.

vises small investors to dabble in strong conservative stocks. Savage thinks that the stock market today is much better than in the old days because now everybody is in the act. His firm even has a time payment plan. You put in \$300, plus \$25 a month, and you build a nest egg.

Savage likes to tell about General Motors as an example. If you had put \$300 in that stock in January, 1933, plus \$25 a month, and had turned all dividends back into more stock, you would have had \$65,090.50 in December, 1957. All it would have cost you is \$7,500.

In those years, I think I owned that much...

Turnabout 'Inspection'

In Victoria to inspect local army units, Maj. Gen. Chris Vokes, left, who will retire next month, submits to a personal inspection by former Esquimalt garrison commander Col. John C. Cave, who retired last year. Thirty-five years ago, however, the boot was on another foot when the then Corporal Cave was a member of the same unit in Winnipeg as a new lieutenant, named Vokes. — (Colonist photo.)

Empress Laundry Wants Work

The CPR's Empress Hotel laundry yesterday asked city council for permission to take in commercial laundry as cancellation of CPR ferries had halved the amount of work.

The request was considered by council's parks committee, then was held over to allow a report on the laundry's property tax rate.

"They are asking for concessions from us to go into public competition with other laundries," Ald. D. J. Proudfoot said.

"They have made no attempt to assist the public of Victoria keep things running. They made no effort to keep up their (ferry) services until we gradually lost them."

The laundry had requested permission to take in laundry from St. Joseph's Hospital. Ald. Proudfoot claimed the laundry had a special property tax rate and did not pay a business tax.

Addicts Bred By Synthetic

VANCOUVER (CP)—A new synthetic drug that can be used by narcotics addicts instead of heroin or morphine could make addiction more widespread, the chief of the United Nations' social defence section, said Monday.

Professor Manuel Lopez-Rey, who is responsible for combatting crime in UN member countries, said the new drug can be made with little chemical skill.

More than 200 synthetic drugs are now on the UN's banned list, he said, but he would not name them because "that would be like broadcasting information of a successful new technique for committing crime."

But, he added, the list is available from the United Nations.

In many Western countries in which social welfare is highly developed, juvenile delinquency is increasing more than in poor countries. Many young people, Prof. Lopez-Rey said, are also becoming addicts—"a curious phenomenon practically unheard of 30 to 40 years ago."

He added that perhaps the reason for the West's big increase is too much emphasis on materialistic views of life or "perhaps the education system has failed."

Inside this beauty... luxury you can afford!

The luxury that belongs to Buick is yours for less than you think.

The amazing thing about the exciting 1959 Buick is that, for all its glamour, it doesn't cost the earth to own. Far from it... there are actually models that cost less than the so called 'low priced three.'

And just look at what you get. Inside a Buick, deep, rich upholstery surrounds you. You're afloat in that special kind of luxury that makes driving a Buick such an unforgettable experience.

And it really is an experience! Buried deep under the engine hood, a Wildcat purrs. That same purr can become a lion's roar in seconds when you need it. Funny thing is, it's amazingly economical at all times.

You can afford a car that travels in luxury at a down-to-earth price. You can afford Buick '59! The thousands of trouble-free miles a Buick brings you is reason enough to buy one—or two—or more of them. See your local Buick dealer today.

Make the change... make the magnificent change now to **BUICK '59**

Ottawa Highlights

Eskimos Made 'Lazy Bums' By Indiscriminate Handouts

OTTAWA—A 30-year-old Eskimo leader warned the federal government it will make "lazy bums" out of destitute Eskimos by indiscriminate distribution of relief rations.

"We want to work for our living instead of getting handouts," Abraham Ogipik told the Eskimo affairs committee in a historic session.

The Aklavik Eskimo charged that Eskimos are being discriminated against even though they are Canadian citizens. He said Eskimos pay taxes when they work and are chargeable under the liquor ordinance of the Northwest Territories, yet aren't allowed to buy liquor.

"Whatever we do and learn," he said, "we still don't have the rights of the whites."

Canada's armed forces will get more information from the United States about defensive atomic weapons under a new agreement made public.

The Canada-U.S. agreement, announced in the Commons by Prime Minister Diefenbaker,

will enable this country to obtain some previously restricted data concerning military uses of atomic energy.

Mr. Diefenbaker said the agreement announced Monday will open the way for transfer to Canada "at some future time" of military reactors and any special nuclear materials required for them.

An unsuccessful move to kill the government's national energy board legislation in favor of public ownership of interprovincial gas and oil pipelines was made by Murdo Martin (CCF, Timmins).

He said the board is like a Punch and Judy show—"The board will be out front doing the dancing and the government will be behind pulling the strings."

H. W. Herridge (CCF, Kootenay West) suggested the government establish nearby Harrington Lake as an official country residence for Canadian prime ministers.

Works Minister Howard Green said that, if a majority of members agreed with the suggestion, the government would implement the scheme this session.

CCF financial critic Erhart Regier has charged some members of the Ontario provincial cabinet "got themselves rather involved" with "the buccannery and racketeers from Texas" in connection with the gas and oil pipeline operations.

Regier said in the debate on the proposed national energy board "when cabinet ministers do wrong in the province of Ontario they again ask the public for an expression of their confidence at the next election."

Larger purchases from other countries of machinery and cars were among the items which pushed up Canada's total imports last January and February.

'Kidnapped' Tots Safe, Visiting Housekeeper

TORONTO (CP)—Two children reported kidnapped in suburban North York Monday were found later unharmed in the care of a housekeeper who explained it was all a mistake.

Police scoured parks and playgrounds throughout the Toronto area for Alana Harris, 5, and her brother, Ricky, 4, while the two were spending the day with the housekeeper's niece in suburban Downsview, not far from the Harris home.

The scare started when Mrs. Bertha Whiffen, 44, housekeeper for Mr. and Mrs. Jack Harris, told a cleaning woman Irene Herska she was taking the children to High Park in Toronto's west end. Instead, she took them to see the niece.

Mrs. Herska phoned Mrs. Harris, at work at a down-

town advertising company. She became alarmed and notified police because she had instructed the housekeeper not to take the children out.

Inspector Barney Loveridge located the missing trio while systematically phoning all the numbers in a book he found belonging to the housekeeper.

John Foster Dulles

THERE will be sincere regret throughout the Western world over the passing of Mr. John F. Dulles, whose recent resignation from the exacting post of secretary of state in the Eisenhower cabinet was caused by the onslaught of the malady which early on Sunday morning proved fatal. The loss is a grave one to the country he served so faithfully and only the more so by reason of the poignancy of the circumstances. For six years Mr. Dulles was the strong man in the American leadership of Western diplomacy in the cold war. While at times his somewhat arbitrary policies drew Commonwealth and other objections, there was never the slightest doubt as to the sincerity of his conviction on any given question.

In an age of slogans, Mr. Dulles was credited with being the author of "brinkmanship" and sometimes accused of steering dangerously in overt international conferences. Whether that will be supported by the record or not, there is no question that his distrust of the bonafides

of Soviet manoeuvres in behalf of a Communist "peace" did much to awaken the Western world. There have been times when Canada did not see eye to eye with what Mr. Dulles proposed in United Nations, NATO and other circles, and said so through its minister of external affairs, but there never has been a time when Mr. Dulles, the man, was not trusted, respected and admired for his courage in responsible circles in this country.

Sir Winston Churchill, among scores to offer their tribute to the earnestness and integrity of the former U.S. secretary of state, put it well when he said: "His courage has commanded the admiration of the whole world. A great American has passed." On the plane of international diplomacy the late John Foster Dulles has left an indelible mark. The policies that he stood for may in time be superseded by others, because this is a fluid time, but his unselfish willingness to serve humanity will stand as a bright example for a long time to come.

A Lot Is at Stake

IT is a fine thing when a warship is completed and takes its place in the defence of the nation. Last week the destroyer-escort Terra Nova underwent acceptance trials in front of thousands of interested Beacon Hill Park spectators. On June 6 she will be commissioned at the VMD plant and handed over to the RCN, adding one more valuable fighting unit to the navy.

This is an occasion of pride but it can also be one of disquiet, for there is no replacement of the Terra Nova in sight. No other keel has been laid to take her place. That means that many of the skilled craftsmen who built this fine ship must be laid off. All through her building her shipwrights have been faced with the thought that the sooner they finish the job the sooner they will be out of work.

The situation is one of concern to the local yards and to the community as a whole as well. The shipbuilding industry accounts for nearly 40 per cent of the combined industrial payroll of this area. Its impact on the local economy is therefore vital to the well-being of all. And if there are no major orders for Victoria yards all Victoria suffers.

It seems apparent that the local

yards are being by-passed to the extent they are not getting a fair share of government contracts. The Terra Nova, for instance, is the only one of a large program of destroyer-escorts to be built here. The Yarrow plant shared in the building of another. That is all the major naval construction that has come in recent years to this vicinity.

In addition there are 13 Department of Transport vessels abuilding across Canada, but only two of them here. A four-man delegation headed by Mayor Scurrah is leaving this morning to impress on federal ministers in Ottawa that Victoria is not to be fobbed off with small "refit" jobs, but needs and requires a legitimate share of government ship building. The government has contracts for various types of vessels to let, and there are also other naval ships to be constructed.

This area can build ships with the best in Canada. Defence Minister Peakes in particular, as the member for Esquimalt, should be aware of this and of what the shipbuilding industry means to the welfare of constituents of the Greater Victoria district. It will be expected that he ensure that the local yards receive the consideration that is their due.

Dishonest Insurance Claims

SOMEWHAT startling disclosures of dishonesty among claimants of unemployment insurance benefits leave one wondering just how much of the fund is being drained off illicitly over the year. If as has been stated there are in British Columbia alone about 1,500 cases of proved fraud in a single year it is reasonable to suppose that throughout Canada an appreciable proportion of benefit payments is going to swindlers and people who, while not basically dishonest, have a wrong idea of the privileges extended under the unemployment insurance plan.

Far too many people seem to think that in claiming unemployment compensation they are merely asking for their own money back. Contributions to the fund are so small, however, that the total amount of an individual's drawings from it for a few weeks would exceed his or her payments into the fund over many years. No one is entitled to any return from the fund unless unemployed within the somewhat generous terms of the regulations.

Perhaps the purpose and scope of the scheme have not been sufficiently explained by the government. This is not a charitable fund to be disbursed on demonstration of need. In point of fact the element of need does not enter at all, and in bona fide cases of unemployment benefits may be claimed perfectly legitimately by persons who have ample reserves and may not be under any necessity to work at all. It is insurance no different in any respect from accident, fire or any other form of protection and subject to the same restrictions. To defraud the federal fund is just as serious as to make a false claim on an insurance company, for which one may be sent to jail.

Latterly there have been one or two complaints about the "grilling" to which claimants are subjected. Irksome as the questioning may be to honest people, it is obviously necessary if a fund made up of the contributions of millions of workers is to be saved from heavy inroads by cheats.

Interpreting the News

'Talks' Behind Scene

By PHIL NEWSOM
United Press International Foreign Editor

WESTERN hopes of a quick Geneva conference are fading fast. Belief now is that Soviet Premier Khrushchev may not be in such a hurry for a summit meeting as the West first thought. The emphasis now is on "patience."

Geneva observers are curious about Khrushchev's trip to Albania.

They are speculating that Khrushchev, already more than halfway from Moscow to Geneva, might offer to meet President Eisenhower in the big four city to break through the foreign ministers stalemate.

There is not the slightest possibility such a proposal would be considered on a snap basis. But the Russians might consider the gesture as good propaganda.

Observers rule out the thought that Khrushchev might come to Geneva on his own to push things along. He has always maintained that East-West business can be done only directly with Eisenhower.

There's a behind-the-scenes battle going on among the press spokesmen of the big three Western powers at Geneva—the U.S., Britain and France—on what

actually happens at these private dinner and lunch meetings with the Russians.

The Americans so far have brushed off these occasions as "purely social," with the conversation leaning on mountains, snow, the weather and how the kids are doing in school.

The French say that the big four actually are talking turkey at these get-togethers, although they admit that nothing concrete has been solved and no major breakthrough recorded.

The British say, yes, there is talk about conference matters, but nothing extraordinary.

Not a word from the Russians, who are being extraordinarily cagey.

Italy is becoming more and more concerned about the Albanian build-up of troops and arms.

Furthermore, they suspect that Khrushchev's visit to the tiny satellite may be the tip-off to a big new Soviet propaganda campaign in the cold war—aimed at the Mediterranean and particularly Italy.

Thinking Aloud

Gerald Waring

"... of shoes—and ships—and sailing wax—of cabbages and kings."

By TOM TAYLOR

I PAUSED, yesterday, at these words of an old-time essayist: "The trouble with the world is that it is always growing."

Growing pains, you see, instead of sweetmeats.

This is a neat way of putting it, and, obviously, the answer to all our worries. By this time the world should have no more new tricks to show us, but the process goes on for ever.

A pleasing thought this, really. It invites the conclusion, about which this writer becomes more certain every day, that after all we won't blow ourselves up.

Another term for growing pains is evolution, or as we know it better, muddling through. Evolution means change, and since it is constant the pattern alters continuously.

There are days when it would help if nature followed suit, I'm thinking. The fixed pattern of dandelions, for instance. Why are they so called, by the way, for there's nothing dandy about them.

The Medes and Persians must have nourished this flower for export only.

Progress is thus the handmaiden of growing pains, or vice versa. It doesn't matter which. The worries we deem to be new, calamitous, beyond bearing, are as old as man. The form in which they appear has changed. That is all.

There is hope for the old world yet, therefore. Hiroshima need not be a Rubicon.

On the other hand the same essayist also wrote about monkeying. Not meaning animals playing tag among the trees but the human bent for poking into things.

The two subjects are not unconnected.

Monkeying derives from curiosity, as the little boy who strips a new toy well illustrates; and there is excuse for wonder if in recent years the human world hasn't been a bit over-curious.

One can emulate the monkey too far.

However there's a saving grace in this idea of growing pains, I think. If man has muddled through the centuries amid all the tortuous perils of his own creation and reached 1959 AD still alive and kicking—as he certainly has—perhaps it's foolish to think his valedictory is just round the corner.

Man in the abstract and man in the particular are not quite the same thing, however. One can be soberly philosophic about the former and in quite a stew about the latter.

Especially if the latter be oneself. Nevertheless the one terrible bridge that haunts society may never be crossed.

We shall evolve, muddle through, live in constant flux, but keep going. The pains are only signs of our growth.

So the past would indicate, which should be enough to keep our spirits up.

Remember that one rusts if one stands still. It is perhaps a pity that growth must seem so belligerent, but the lesson of history is not fatal.

Evolution can be aided, happily. A leaven of amity and good will wouldn't come amiss anywhere, even in Geneva. The growth might then be a little less painful.

I fancy, though, that we'll muddle through—as usual. Looking at some bright youngster of two, three or four, how could I dare think otherwise?

"This has got to be decided by us Germans"

Power of The Military

By MARQUIS CHILDS

GENEVA—One of the expanding organizations in this city, which is rapidly becoming an international capital for both politics and business, is the World Council of Churches. Not long ago two representatives of the council went to call on the heads of the three delegations—United States, Great Britain and Russia—who have been trying for more than six months to reach agreement on ending nuclear testing under a system of control and inspection.

The two earnest representatives, Dr. Elfan Rees, a Welshman, and Dr. Frederic Nolde, an American, reflecting the concern of church members in almost every country over the increasing pollution of the air, were particularly impressed by their talk with the Russian delegate, Seymon Tsarapkin. It was evident to them, as indeed it has been to his fellow delegates, that Tsarapkin is eager to sign an agreement. What seemed remarkable was his frankness in discussing his own problem.

"The Americans who want an agreement have trouble with the Pentagon or so I hear," Tsarapkin said. "But don't you think that I have just as much trouble with the Red Army?"

The Russian delegate has said the same thing on friendly and relaxed occasions to his British and American colleagues and they are inclined to credit him with telling the truth about his troubles with his own military. It is a striking bit of evidence of the power of the military exercises on both sides of the great divide over forces capable of obliterating mankind.

The military veto, whether by the Red Army or by the Pentagon, is one of the problems of the negotiators in Geneva whether at the level of the nuclear talks or the foreign ministers. Whatever the ostensible role of Secretary of Defence McElroy, he will be the voice of the Pentagon.

Despite the forces on both sides that do not want an agreement with inspection and control to end nuclear testing, and in spite of the difficulties the Russians are currently making, the belief in highest official quarters here is that an agreement will finally be signed. Because world opinion has been so stirred by this issue and by the impact of the talks going on for so long. It seems almost certain that, whether with or without a formal agreement, there will be no more atmospheric tests which are the source of the pollution raining down out of the skies in increasing volume in recent months.

So complicated is the current stage of the negotiations that at times it has the sound of that classic of medieval theology about how many angels can dance on the point of a needle. As precipitated by Prime Minister Macmillan in his talks with Premier Khrushchev in Moscow in February, the question is over an agreed quota of inspections of suspected explosions, thereby getting around an earlier Soviet demand for the right of veto over inspections. The veto reflects the deep-seated Russian fear that these inspections have one motive—espionage.

Soviet Foreign Minister Gromyko has told Secretary of State Herter and Britain's Selwyn Lloyd that the number of inspections is really not important and it can be settled on a political level by picking an arbitrary figure. But the British and Americans, the latter particularly, want scientific backing for an appraisal of how many inspections would make it virtually certain that none of the powers would cheat by setting off an underground explosion which would be mistaken for an earthquake. James J. Wadsworth, head of the American delegation who is credited by outside observers with doing a thorough and able job, must constantly have in mind that a treaty stopping tests would have to be ratified by the Senate.

The underground tests are the heart of the matter. The American military, with influential civilian supporters, believe it is essential to continue underground tests in order to perfect small atomic weapons that would theoretically be used in limited nuclear warfare. For quite obvious reasons the Russian military, with its vast superiority in conventional weapons, is implacably opposed to any agreement allowing testing to continue underground.

The nuclear talks are recessed until June 8. Those directly responsible for the negotiations predict that when the talks are resumed they will take the following course:

Both sides will come in with a proposed quota of tests, the Russians with a number so low it could not possibly be accepted—say three or four a year—the West with a figure so high—say 50—that the Russians would never accept it. In the initial stage the Soviets will be pretty rigid. But gradually, after a great deal of bargaining, a figure of perhaps 10 or 15 will be agreed to, a treaty will be signed, and an inspection system will be put into effect.

The best guess is that this first small step in the direction of controlling and eventually easing the fantastic armaments burden of the two worlds will be taken before the summer ends.

Reports from Ottawa

THE man who turfed C. D. Howe out of Parliament tells me he's going to turf himself out, next election.

Douglas Fisher, the beefy, barrel-chested socialist teacher who defeated Howe in Port Arthur two years ago, says he intends to quit because he can't afford to be an MP.

Not on \$10,000 a year, with a wife and three young children to support, and with expenses (like running a car, and having a \$1,000-a-year telephone and telegraph bill) that he never had before.

The retirement of Douglas the Giant Killer would be a substantial loss to the CCF, for Fisher is one of the ablest of the little socialist group in the Commons. But he's not alone in this financial predicament. Many younger Tory MPs are also having great difficulty supporting their families on an MP's pay, and some are threatening to quit public life.

As Fisher puts it, the cards are stacked in favor of MPs with independent means, and those with no family responsibilities; in effect, against youth and the fresh approach which youth has brought to bear on national problems in the last two years.

Writing about MPs' pay a couple of weeks ago, I suggested adoption of a sliding scale based on seniority: a starting wage of \$10,000 a year, to be increased by \$1,000 every time an MP won re-election. This proposal would reward experience and service in the Commons on a basis which, while it has weaknesses, is fairer than paying everyone the same amount.

This idea has not caught the Commons fancy. For many MPs it would mean waiting until 1962 before getting a raise, and they believe that their cost-pay problem demands action sooner than that. But there is no unanimity: many other MPs want to defer pay raises until after the next election. The government has turned it down, at least for the time being. But if this proposition were to come to a free vote in the Commons, with party whips off, I am confident it would pass.

Here's what some representative backbench MPs think:

Fisher: You've got to give them all the same. Raise the stipend, and tighten the attendance checks.

R. J. McCleave (PC, Halifax): Either Parliament is to be a place where only persons of certain means can come, or a place open to all.

Margaret Aitken (PC, York-Humber, Ont.): Higher indemnities would undoubtedly bring professional politicians to the House of Commons and I do not think that would be a good thing.

H. W. Herridge (CCF, Kootenay West, B.C.): The necessary legislation (should be) passed to become effective at the first session of the next Parliament.

W. L. Houck (Lib., Niagara Falls): One wonders if it would be feasible to add any more debt to our already overloaded debt of this country.

Erhart Regier (CCF, Burnaby-Coquitlam, B.C.): Additional remuneration to those who are at work on each day that the House is in session would be preferable.

J. A. McGrath (PC, St. John's E., Nfld.): There are issues of far more pressing nature to be dealt with.

Gordon Chown (PC, Winnipeg South): This is a politico-economic problem of deep-seated significance, the solution of which must lie in the hands of the people.

Ontario MP (name withheld on request): An increase would be political suicide.

The Packsack

OF GREGORY CLARK

OUT on the grass of the park last evening was gathered a group of neighbors practicing casting with their fishing rods.

They were in three parties. The fly fishers were waving their eight-foot-long delicate fly rods with great vigor, laying out forty and fifty feet of line on the grass.

The bait casters with their five-foot rods, were cutting short, sharp arcs and shooting their weighted practice plugs eight and a hundred feet. And the spin-casters, members of the newest and extremely popular cult of spinning, were armed with six and seven-foot rods of great delicacy, and with a flip of the tip were projecting their miniature practice weights far across the lawn.

When I sat down on a bench to watch the scene, there was already an elderly man there, his hands clasped on the top of his cane.

"What an enormous increase there has been," I said to him, "in the sport of fishing! I bet there are a hundred today for one angler twenty years ago." "Even so," said the old gentleman, "a good fisherman can still get all the fish he

wants. These aren't fishermen. They're casters."

"How do you mean?" I asked. "These fellows," said he, "will go fishing and spend most of their time casting. It's like golf. They just want to hit a ball. But to get fish, it isn't the casting that counts. It's the way you bring the bait in, the way you fish it! I bet not two of these men know enough to leave the lure in the water as long as possible, and give it a seductive action every moment. No, sir. They'll whistle it back in, full speed, so as to make another cast."

Maybe the fish are safer than might be supposed.

And when I feel, fair creature of an hour!
That I shall never look upon thee more,
Never have relish in the fairy power
Of unreflecting Love;—then on the shore
Of the wide world I stand alone,
and think,
Till Love and Fame to nothingness do sink.

Vanished Era

Perhaps a few moments earnest study over a world map should prove conclusively to a certain minority of Victorians our geographical position in relation to the British Isles. The fallacy that we are a "little bit of old England" should be shattered once and for all with the realization that the "tea and crumpet era" has passed into eternal obscurity.

The crux of this entire argument, particularly in regard to the suggested "window dressing" of city policemen in bobby uniforms hinges on just this premise. Today, what little British culture remains is primarily a case of individuals striving to retain some remnant of their ancestral background. This is not intended to be an indictment of a way of life but merely stresses a point.

Since the end of the Second World War we have been privileged to welcome into our city many hundreds of new citizens from all corners of the world. We can no more class ourselves as British than German, Hungarian, Norwegian, or any other nationality from which these people emigrated. These are the ingredients which make up Canada as a whole. Victoria, in the final analysis, is no longer a city of one traditional custom, but is in effect—though not always conspicuously apparent—a city of universal customs.

Good money is spent publicizing our country's beauties and natural resources and this to a certain extent reflects our way of life. Books, magazines and travel folders have all contributed in capturing the imaginations of peoples the world around. Let us not distort this vivid impression with the facade of something unreal and out of character. Instead let us concentrate on enhancing and enriching a true Canadian flavor.

FRANK E. LOCKYER.

Praise, Not Condemn

How beneficial for our people to see Government House as symbolic of themselves, their province and their spirit! We do not worship the niggardly and if we are to spread ourselves we shall decide the question, "What can we do to praise?" rather than condemn.

Can not we, the rich and the poor, be glad that our concept of the Crown shall be upheld by the generosity of our purse? The money spent on Government House circulates freely, to be used over and over again, contributing to all walks of life, including charity.

Brink, Massive Retaliation

Controversy Stirred By Colorful Phrases

WASHINGTON (UPI)—Some of the great controversies that swirled around John Foster Dulles have been sparked by the former secretary of state's penchant for colorful phrases.

His policies were peppered with pungent phrases that roused storms of controversy around the world. The phrases connected with his policy pronouncements still resound in foreign offices—phrases like "brink of war," "massive retaliation," "agonizing reappraisal," "liberation," "unleashing Chiang Kai-shek."

They all had a heavy and meaningful ring. To some U.S. Allies they appeared frightening. But the sting of the words were frequently modified by Dulles' behind-the-scenes diplomacy.

Dulles proclaimed his policy of "massive retaliation" in January, 1954, during the

Indo-China crisis. He disclosed that President Eisenhower and the national security council had decided to depend primarily "upon a great capacity to retaliate instantly, by means and at places of our own choosing."

'Democracy Lost Great Champion'

OTTAWA (CP)—Death of John Foster Dulles, said Prime Minister Diefenbaker yesterday, "removes from the councils of the world one who had an immense and deep knowledge of international affairs and whose influence for peace with freedom was world-wide."

Opposition Leader Lester Pearson said his association with Dulles "had developed into a personal friendship which I shall always cherish. . . . The free democracies have lost a great champion whose like we shall not see again."

That Tainted Taste from Tap Won't Bother Bottle-Buyers

Coffee shops and restaurants may not be happy about Victoria's bad-tasting water, but drinkers of bottled beverages can relax.

A city brewery and a soft drink bottling plant both reported yesterday that all water used in their products is filtered, treated and purified before being used.

Coffee shops and restaurants, however, told a different story. A number of managers complained about the taste the water gives to both tea and coffee, but none re-

ported that sales have dropped off.

One or two coffee shops, however, had received no complaints.

Most spokesmen agreed that tea is most affected by the water.

Meanwhile, Ronald Upward, chief commissioner of the Greater Victoria Water Board, is having the tainted Goldstream reservoir drained in an attempt to have the nuisance eradicated. Water is being supplied from Sooke Lake in the meantime.

JOHN FOSTER DULLES
... exhausted

Queen Sends Sympathy

LONDON (UPI)—Queen Elizabeth has sent the following message to Mrs. John Foster Dulles:

"I have learned with very great sorrow of the death of Mr. John Foster Dulles. My husband joins me in sending our heartfelt sympathy to you and your family in your great loss."

Dulles Lost Life To No. 2 Killer

WASHINGTON (UPI)—The disease that took the life of John Foster Dulles now ranks as North America's No. 2 killer.

Only heart disease takes a greater toll.

The cancer death rate has been rising for many years.

REFLECTS VICTORIES

To some extent, the growing importance of cancer as a cause of death reflects modern medicine's victories over other diseases, such as pneumonia and tuberculosis, which once ranked as major killers.

But the figures also reflect a sharp and continuing rise in the number of cases of lung cancer.

While the death rate from lung cancer has been soaring,

To Pay Last Respects to Dulles

Statesmen of World Flying to Washington

WASHINGTON (UPI)—Statesmen from all over the world, have arranged to fly here to pay their last respects tomorrow to John Foster Dulles.

German Chancellor Konrad Adenauer announced plans to join President Eisenhower and other high U. S. officials in honoring the man who for six years was the chief architect of Allied cold war strategy.

Others who planned to be present included the foreign ministers of Britain, France, Italy, Japan, Russia, the Netherlands, Belgium and West Germany. Finance Minister Donald Fleming will represent Canada.

Meantime, Dulles' personal physician said it was impos-

sible to pin-point the exact cause of Dulles' death early Sunday following his second bout with cancer. There was no autopsy.

But the physician, Dr. A. D. Daughton, said indications were that death was caused by inanition, which the dictionary defines as exhaustion, rather than from the destruction of some vital organ. Inanition results when the swiftly-spreading cancer cells use up all the nourishment taken in by the patient.

Adenauer's decision to attend the funeral was a signal honor. The 83-year-old West German leader was a close friend of Dulles and an ardent supporter of his tough line toward Russia. But it is rare for such a high-ranking official to leave his country to attend the funeral of a lesser official.

MENZIES ATTENDING

Another head of government to attend the services will be Australian Prime Minister Robert Menzies.

The state department announced that Paul H. H. Spaak, secretary-general of the North Atlantic Treaty Organization, also will attend the services.

In another almost unprecedented mark of respect for Dulles, most Washington embassies—including that of Russia—displayed their national flags at half staff. The state department said such action was entirely up to the individual embassy.

ADJOURNED EARLY

The House of Representatives, after putting in a long day of work on two key money bills, adjourned until today out of respect for the late diplomat.

The state department said all its employees except for a small skeleton staff would be dismissed at 12:45 p.m. Wednesday.

MATTER OF TIME

Despite massive radiation treatments, doctors were unable to arrest the spread. In April, Dulles went to Florida for a convalescent period but soon returned to the hospital where it was found that the cancer had spread to his neck. Thereafter it was just a matter of time.

The average five-year survival rate for cancer of the large intestine—which Dulles had—is about 33 per cent.

MERCURY TRUCKS
PAYOFF
PROVED
-SIX AND V-8-

Mercury Tilt Cabs often make the big difference between profit and loss. To begin with, they're Canada's lowest-priced tilt cab line. Then, shorter overall cab lengths pay off with longer bodies and trailers. You haul up to 1700-lbs. more payload each trip than with comparable conventional models. Trips are faster, too, because Mercury Tilt Cabs shorter turning radius cuts time in jockeying up to loading docks in tight places. Cabs are roomy and comfortable with "lighthouse" visibility and direct fresh-air ventilation. And don't forget that Mercury offers Canada's most modern short-stroke engines. You get top performance and mileage from lower-priced, regular gasoline. Get the full story today.

Pato Gives Gold Stocks Upward Urge

TORONTO (CP)—The stock market failed to hold its early advance and near the close of trading prices in all sections sagged.

Trading was the heaviest in four sessions and one of the heaviest in the last three weeks. Final volume was 3,237,000 shares compared with 2,885,000 Friday.

Banks were exceptions to the softening trend. Both Royal and Nova Scotia closed 1/4 point higher with other banks fractionally ahead.

Besides Ford down one, there were a few declines ranging to 2 1/2 points in industrials, but most were among lightly-traded issues.

Mines were mixed to higher in general but copper helped by carrying out a fairly wide gain. Can-Erin, the most active stock at 292.633 shares, led copper with a 22-cent gain to \$1.97.

Pato featured gold, adding 45 cents at \$4.80 in active trading.

Western oils moved down in a solid line but changes were generally small.

Banks Strengthen
MONTREAL (CP)—Prices slipped off towards the close and were narrowly lower. It was one of the quietest days this year.

The lower tendency was evident in all stock classifications except the banks and textiles. Losses ranged to more than a point in a few issues, but most were fractional.

Royal was up 1/4 at 84 to lead the banks, the only gainers on the index. Commerce advanced 1 at 62 1/2.

Papers were among the heaviest losers. Abitibi was active and off 1/4 at 34 1/2. Millar was against the trend, up 1/4 at 41.

Among the most active issues Brazil lost 1/4 at 15 1/2, declined 1/4 at 42 1/2, and Aluminum at 45 1/2 at 28 1/2.

Electronics Dip
NEW YORK (AP)—The stock market was thrown for a loss by late profit taking after an early advance.

Some rather sharp profit taking in electronics and other space age issues was the forerunner of the general decline. Raytheon was the most active stock, losing 2 1/2 at 56 to 74,900 shares.

American Motors, off 1/2, U.S. Steel off 1/2, and Standard Oil New Jersey, off 1/2, also were heavily traded.

Easier Price Trend
VANCOUVER — Business was slack and prices on the average lower. Port St. John dipped to 2.75 among oils, while Peace River, although still active declined to 71 cents. Vantor dropped to a new low at 89 cents.

Bethlehem at 1.94 and Craigmont at 4.50 were from B.C. copper.

Okanagan Helicopters was 2.65 and Woodward's 2.23 1/2 among industrials.

London Stock Prices
LONDON (Reuters)—The stock market showed an extensive list of gains in industrial equities and gold shares.

Exceptions were a gilt-edged securities where small selling was responsible for widespread losses.

In foreigners, Greek bonds fell sharply early in the session but later recovered in response to renewed demand.

Dollar stocks were generally better.

Grain Prices

WINNIPEG (CP)—Grain trade was on quiet lines on the Winnipeg Grain Exchange with most of the activity in flax, where early selling was prompted by rains in some sections of Manitoba and Alberta.

There was some buying by various interests, including international interests. Prices showed a firming trend with some irregularity.

Oats and barley trade was mostly domestic with prices moving narrowly. Some reports indicated a small parcel of barley had been sold to the United Kingdom.

CHICAGO (AP)—Wheat

showed some rallying tendency but the grain futures market otherwise was generally steady to weak.

India is understood to be in the market for a small amount of wheat and Morocco has been authorized to buy 560,000 bushels of soybeans.

Ottawa Should Handle Drug Problem—Bonner

VANCOUVER (CP)—Attorney-General Robert Bonner of B.C. says the problem of handling narcotics addicts should be the responsibility of the federal government, not provincial governments.

"I'd be less than frank to say that our program has been a success. In nine out of 10 cases it is apparent that addiction is the last, not the first result of a delinquency," he said.

Only Two Addicts Freed in East In Experiment

VANCOUVER (CP)—George T. Street, chairman of the National Parole Board, said Sunday two Vancouver narcotics addicts were released from an Ontario prison and sent to their families elsewhere in the province "on an experimental basis."

In answer to a question at a press conference here about parole of addicts, Mr. Street said the two persons had shown "good development in the institution" and were eligible for parole.

The Canadian Press Friday erroneously reported Mr. Street as saying in an interview that the board will parole B.C. drug addicts in eastern Canada on an experimental basis.

But Sunday he said: "You can't take a drug addict from Vancouver and dump him in a strange place in Ontario. We wouldn't have money to do that. Also, we would only be asking for trouble—pushing them into an unfamiliar setting."

Bobsledding has been an Olympic game since 1928.

Court Backs Druggist

VANCOUVER (CP)—An appeal by a druggist against a decision of the Council of Pharmaceutical Associations to strike his name from the druggists' register was allowed in Supreme Court yesterday by Mr. Justice J. G. Ruttan.

The council had found Samuel Bass guilty of conduct contrary to public interest for allegedly selling a prepackaged drug paraphernalia.

Mr. Justice Ruttan said the council's refusal to grant Bass an adjournment for him to produce a witness was because it would have inconvenienced members of the council. "If this is inconvenient, it cannot be helped," he said. "Convenience and justice are often not on speaking terms."

Reds Kill Hungry Farmers

TAIPEI, Formosa (UPI)—Communist Chinese troops shot and killed 210 farmers in one of a series of riots.

Biggest riot erupted at Yangchow March 27, the agency said, when 10,000 hungry farmers staged a mass demonstration to protest working more than 16 hours a day for starvation rations of rice soup and a few vegetables.

OTHER LOW-PRICED CARS WOULDN'T BE LOW PRICED IF THEY HAD WHAT CHEVY HAS!

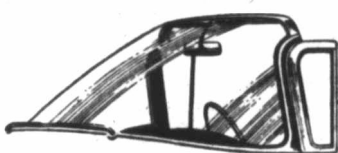

Model for model, the leading low-priced cars are pretty close together on cost. But — when you start figuring what you get for your money — Chevy parts company from the others in a hurry. Look over the list of

Chevrolet features below, then make a conservative estimate of how much they're worth to you. We'll leave it to your own arithmetic. How long would the others be in the low-price field if they gave you what Chevy does?

Chevrolet lets you choose from Canada's widest engine and transmission range... ten top-efficiency engines... five silk-smooth transmissions... an unmatched power selection for every Chevrolet model.

\$ _____

OVERHEAD CURVING WINDSHIELD
And here's a neck-saver, especially for looking at overhead traffic lights. Chevy has visibility unsurpassed in its field.

\$ _____

CRANK-OPERATED VENTIPANES
Ever try to open a ventipane without this little convenience? Then you know what fingernail-savers those cranks can be.

\$ _____

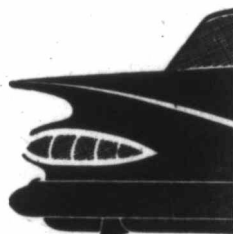

HYDRAULIC VALVE LIFTERS
Chevrolet gives you this oil-hushed assurance of smooth, quiet performance on all standard engines.

\$ _____

LINED LUGGAGE COMPARTMENT
Chevy gives you this luggage-saver on all models. But you'll find it only on a few of the more expensive competitive models.

\$ _____

UNMISTAKABLY MODERN DESIGN
We'll leave it to your own good taste to decide what this is worth (plus the extra allowance it'll draw at trade-in time).

\$ _____

BEST BRAKES IN THE FIELD
Chevy's new brakes are built for up to two-thirds longer life. There's more lining area than on many heavier, higher priced cars.

\$ _____

FULL COIL SUSPENSION
Chevrolet puts deep, easy-flexing coil springs to work to cradle you in a velvety, floating ride over every road!

\$ _____

GREATER ROOMINESS
Chevrolet's roominess is unsurpassed. Front seat is close to six inches wider than the seat in a major competitor.

\$ _____

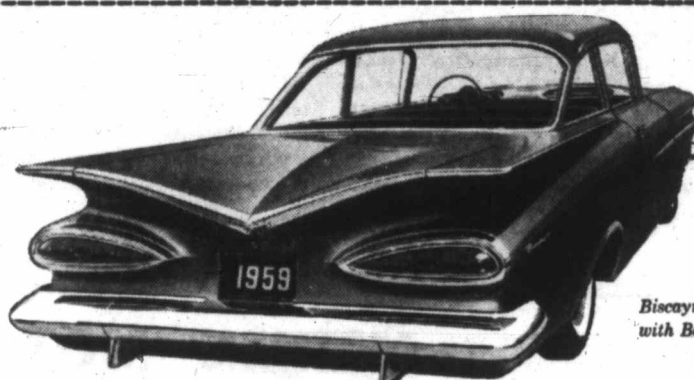

HIGHER RESALE VALUE
Chevrolet's quality Fisher Body construction, rugged engineering and sleek modern style hold resale value higher, bring you more money at trade-in time.

\$ _____

TOTAL \$ _____

Kittens Saved By Eyedropper

DUNCAN—Three orphaned kittens lay weak and listless from lack of food when a call was put in to a city drug store for some miniature doll-feeding bottles.

Their mother had been run over. The owner, H. B. "Bus" Matthews, Koksilah, said "It was the only thing we could

think of. We couldn't let them die."

The kittens had already opened their eyes but would not "lap" milk from a saucer. Two plastic bottles, like those that come with "wet-ems" dolls, were rushed to the home by a drugstore employee.

"But they didn't work. The nipple parts were too tough," Mr. Matthews said.

The kittens are getting along royally now, though.

"We're giving them the same formula as we give to our son, Raymond, with an eyedropper," Mr. Matthews said.

The three kittens and seven-month-old Raymond are doing fine.

HOW YOUR LIVER BILE BREAKS DOWN FAT

Laboratory tests have now proved that liver bile emulsifies fat... actually breaks it down. It is an established medical fact that when liver bile is added to fatty solids, the fat is broken down and forms a smooth, easy-flowing mix.

In your body, precious liver bile helps break down the fat in the same way. Many foods reach the digestive tract as undigested fatty solids. Your golden liver bile helps break down this fat... unblocks it... for easier and more complete digestion.

Carter's Little Liver Pills exclusive formula of natural, vegetable ingredients relieves irregularity gently and effectively. At the same time, it actually improves the flow of liver bile needed to break down fat in your body.

So when you feel sluggish, headachy, nervous and need a laxative, get Carter's Little Liver Pills. Remember, Carter's not only relieves irregularity, but actually improves the flow of liver bile needed to break down fat. Only 42¢.

Baby Food for Baby Cats

An eyedropper came to the rescue of three orphaned three-week-old kittens here when efforts to feed them milk with "doll-feeding bottles" failed. Shown here holding one of the three is Janice Matthews, 6, daughter of Mr. and Mrs. H. B. Matthews, Koksilah. The kittens are being fed the same formula as seven-month-old Raymond Matthews. (Thompson photo.)

Campbell River

Logger Finds Work, Death In One Day

Sea Cadets, Organizer All Produce

NANAIMO—Sea cadets in Nanaimo raised \$550 during their tag day and one of the principal organizers, Mrs. Constance Cox, gave birth to a seven-pound one-ounce baby boy the day after.

Mrs. Cox worked with the boys from 8 a.m. to 6 p.m. Saturday and on Sunday at 1:30 p.m. gave birth to her child.

Mrs. Cox is the wife of RCMP Constable Eric Cox, who is president of the Nanaimo Branch Navy League of Canada. She is also a member of the Navy League executive.

CAMPBELL RIVER — A 29-year-old Vancouver man who flew happily to Sonora Island Sunday for his first work in months was flown back dead yesterday, the victim of a logging accident.

Ladensz Januszki, who has no known relatives in Canada, was one of a planeload of laughing, joking loggers which B.C. Airlines pilot Peter Lauren flew to Thurston Bay, Sonora Island, on Sunday.

Yesterday the same pilot landed at the Sonora Island Timber Company operation to bring Januszki's body back to Campbell River where an inquest is scheduled.

The logger was fatally injured about 3 p.m. yesterday when the top broke off a spar tree.

Royal Indian Sweaters

NANAIMO, B.C. (CP)—The Queen will receive four Indian sweaters, one for each member of her family, when she and Prince Philip visit here July 16.

The sweaters are to be a gift of Vancouver Island Indians, the only Indians that make authentic sweaters.

The Queen and prince will tour a model Indian village that will be constructed in the city.

NOT DIVIDED

Lake Michigan is the only one of the five Great Lakes that lies entirely within the United States.

FARLEY MOWAT SUGGESTS

Let's apply for admission as the 51st state

After all, he says, we're already pseudo-Americans. His tongue jammed well into his cheek, the rebellious Mowat claims we can't beat the United States militarily or economically—and if you can't beat 'em, join 'em. As the 51st state we could dispense with such institutions as the CBC, Ottawa, the British judicial system and Maclean's magazine—and there would no longer be any excuse for the tedious Canadian flag dispute.

Beer in 'Foolish Place' Costs Youth \$75 Fine

NANAIMO — Magistrate Lionel Beevor-Potts criticized the spot an 18-year-old youth picked when he started to drink beer in a car.

"A most foolish place," observed the court in fining Robert Puckett, Vancouver, \$25 for drinking in a public place and \$50 for being in possession of liquor.

Puckett began drinking his beer at the CPR terminal when the car in which he was a

passenger was parked before the CPR police officer.

Ernest C. Whittaker was fined \$50 for supplying Puckett.

Matches your desire for the better things

One mark of a man of discernment is a genuine appreciation for the finer things.

There is a car for such a man. Its name is Mercury. A car that is roomier, because it is made for the man who likes others to share the same comfort that he enjoys. A pleasure to drive, because it is a car that is built for people who expect more—and accept nothing less!

Mercury's steering is light of touch, yet it gives you the true feel of the road. Its comfort is luxury. His wife loves to drive it, too.

But, above all, it is *his* car, because Mercury is a leader. Its engineering considers driver and passengers alike. Its silence results from solid construction and scrupulous attention to detail. Mercury's value is as apparent as its good taste.

If you are the type of man who sets himself higher standards, see your Mercury dealer. He will gladly show you the many special advantages that Mercury owners enjoy... advantages that match your desire for the better things.

Certain features illustrated or mentioned are standard on some models, optional at extra cost on others

Ald. Wilson Suggests:

Juvenile Home Site for Trials

A radical plan for the reorganization of the Juvenile Detention Home on Coldharbour Road, and the inclusion of a juvenile court in the home itself, is under consideration.

ALD. WILSON
... 'get in way'

In Oak Bay

'Tulip River' To Flow

Oak Bay council accepted with alacrity last night an opportunity to participate in a cross-country "river of gold" program involving tulip plantings by Girl Guides and Brownies.

The golden tulip bulbs are being planted in recognition of the golden jubilee year of the two girls' groups in Canada in 1960.

The three Guide packs and Brownie packs which meet at the Guide Hall on Monterey Avenue asked to plant four dozen tulips on municipal grounds "to express our gratitude to this community for many kindnesses over the years."

Ald. Mrs. Lily Wilson, chairman of the detention home's board of management, announced the plan yesterday at a city council committee meeting. She stressed it is only one of a number under consideration.

RESIGN SOON

The home is where juvenile offenders from Greater Victoria are held following arrest. Col. W. S. Dingley, superintendent of the home will resign at the end of the month.

At present Col. and Mrs. Dingley live on the premises. The suggested plan calls for the new superintendent and his wife to live elsewhere.

NIGHT PATROL

"A watchman would patrol the house at night to look after juveniles, and admit any new ones brought in by police," Mrs. Wilson said. Five rooms, at present occupied by Col. and Mrs. Dingley would be made vacant.

JUVENILE COURT

"Two of the rooms upstairs could be used as bedrooms to house more juveniles, and one of the large rooms downstairs could be used as a juvenile court," she said.

Of the other two rooms, one could be used as a waiting room for parents and juveniles, and the other could be used for an office.

"TOO CROWDED"

At present the juvenile court is held Wednesday afternoons in the city health and welfare building.

"It's too crowded," Ald. Wilson said. "They get in the way of the health and welfare people. Wednesday afternoon is just bedlam."

CONSIDERED

The plan, with others, will be considered at a meeting of the detention home board, to be called soon.

The meeting will also consider 20 applications to fill the vacancy caused by Col. Dingley's resignation. Ald. Wilson said yesterday that temporary help had been obtained to staff the home until a new superintendent is appointed.

Educators' Choice

Director of teacher education at Victoria College, Prof. Henry C. Gilliland was elected president of the Western Canada Regional Conference on Teacher Education at a recent three-day meeting at Winnipeg.

City Skin Divers Do Well in U.S.

A Victoria Skin Divers Club team did it again Sunday when they placed second in the fourth annual Olympic Skin Divers' championships at Port Townsend, Wash. Bill and Allan Hook and Denny Kempton were only five ounces behind the winners, Oregon Skin Divers, of Portland.

Fatal Shooting Latest

Violent Deaths in Year Total Six for District

Fatal Saturday night shooting of Lieut. James C. Luske, 1417 Camosun, brought to six the number of persons whose deaths have resulted in murder charges being laid on lower Vancouver Island area within the past year.

Just less than a year ago, May 9, 1958, 54-year-old Mrs. Elin Olive Allen, 48 Obed, died of stab wounds in Royal Jubilee Hospital. Her 72-year-old husband, Ernest V. Allen, treated at the same hospital for apparently self-inflicted knife wounds, was charged with her murder, then committed to Essondale mental hospital where he is to remain until doctors find him fit to face court.

On Aug. 11 the same year, Albert Ford Kerr, 56, was found shot to death in his North Pender Island home. His widow, Mrs. Alice Louella Kerr, 54, went on trial for murder and was acquitted.

Seaman Aaron Jenkins, 23, of Codys, N.B., was fatally stabbed in his barrack-room at HMCS Naden, on Sept. 6, 1958. Tugboat worker Leo Anthony Mantha, 31, convicted of the sailor's murder, died on the gallows of Oakalla Prison on April 28 this year.

Shot to death in a double slaying on Sept. 13, 1958, were 38-year-old Charles Mudge and his 71-year-old father-in-law, John Brand, in their home at 3460 Metchoin Road. Mudge's

'No Way to Know Steps Rotted'

Seemed Solid Says Reeve

Brentwood Memorial Chapel's rotted wooden steps "seemed solid enough," said Central Saanich Reeve H. R. Brown, "but couldn't stand the undue amount of weight" which caused them to collapse Saturday, hospitalizing four of seven wedding guests who tumbled into a 10-foot-deep hole.

In satisfactory condition last night at Royal Jubilee Hospital were Gertrude Sante of Vancouver, who suffered a broken back; Mrs. Thomas Sturges, 1257 St. Denis, who suffered concussion; and George Simpson, 1206 Clovelly Terrace, with a fractured arm.

Three other wedding guests, standing on the steps when they gave way, were examined at hospital but not admitted. Reeve Brown said the building is usually inspected by a

REEVE BROWN
... couldn't stand weight

fire marshal from Vancouver who is accompanied on his inspection tour by the Central Saanich fire chief.

NO RECOMMENDATION

So far as he knew, no recommendation had ever been made to have the 30-year-old steps replaced, and it would have been difficult for a person to get behind the steps to inspect the 2 by 12-inch wooden supporting stringers, he said. Until new steps are built,

the hole will remain covered over by boards and services will continue on schedule, with the congregation using a door at the other end of the chapel.

Pickers Not Halting Supply Flow

An angry labor secretary said last night that Victoria Buildings Trades Council is "definitely not trying to block" the flow of supplies to a project which it is picketing.

Donald Bushell, secretary of the council, said his group is meeting at 10 a.m. today to find out who said that "union circles" stated "we are watching to see whether unions who would bring the materials will honor the picket line."

Daily Colonist Victoria, B.C., Tues., May 26, 1959 9

Incorporation Petition Starts in View Royal

View Royal incorporation committee last night handed out petitions which will be circulated among 560 residents for their support in the incorporation of View Royal as a village.

"Seventeen canvassers will be going at it for the rest of the week," incorporation committee chairman A. W. Bradfield said.

Back to the Wars

Kenny Lawson, once one of province's standout golfers, made first competitive appearance in 20 years when he played for Uplands team in inter-club match last night. He's caught in action here as, left to right, Joe Briggs, Art Donaldson, Fred Ranson,

Jim McColl and Frank Scroggs look on. Lawson lost his singles while he and Ranson were beaten in doubles by Donaldson and Joe Pryke.—(William A. Boucher photo.)

Gorge, Colwood Winners Of Inter-Club Matches

By HARRY YOUNG

Home clubs, Gorge Vale and Royal Colwood, emerged big winners in the first matches of the Victoria district inter-club league played last night.

Gorge Vale would have completed a clean sweep against Uplands if it had not been for a fine putting display by Fred Ranson, who scored one of the big surprises of the evening by beating Gorge pro Joe Pryke by 3 and 2.

Ranson's putter got to work early against Pryke and he established a lead which he never relinquished.

CAPTAIN LEADS

But for the rest, it was a one-way story. The Gorge team, playing on its own course, quickly established an edge, and the way to the big victory was set by the team leader, Art Donaldson, who played beautifully-controlled shots in the wind to beat Kenny Lawson by 6 and 5 in the top single.

Lawson was playing in his first competitive match since 1939 when he played in the Canadian amateur championship at Montreal, and he lacked the keen competitive edge.

The Uplands team put up a game struggle and both Morrison and Briggs were beaten in their singles and also in their four-ball partnership only by a single hole.

WAKEHAM WINS

Among the big winners for Gorge was the Island match-play champion, Bill Wakeham. Although only a late selection for the powerful Gorge side, Wakeham put up a magnificent show to beat a strong-going Frank Scroggs.

Wakeham had one remarkable shot. At the 280-yard sixth hole his tee shot ran on to the green, while the previous quartet was holding out. Wakeham's shot ran over the hole and about 6 feet past, and if the pin had been in place he might have had an "albatross" ace, for the sixth at Gorge is a par four.

As it was, Wakeham missed the short putt and had to be content with a birdie three.

Another Gorge youngster, Jim McColl played extremely well to beat Haggie by 5 and 3.

The three four-ball matches all went to the Gorge Club.

COLWOOD STRONG

At Royal Colwood, the Colwood team of champions ran up a 7-2 win over Victoria, with the club champion, Laurie Kerr, carving out a convincing 4-3 victory over Laurie Carr, the Victoria pro, in the leading match.

The Royal Colwood pro, Bill Court, suffered a similar experience in the same four-ball game against Dr. George Bigelow.

The Victoria club champion was in his best form to win by 3-2, but he had to struggle hard to get on top. Bigelow had birdies at the third, fifth, seventh and 11th holes, while Court had birdies at the fourth, fifth and seventh.

The pair were all square at the short seventh, where both holed out in two, but Bigelow won the next four and held onto the lead until the match finished on the 15th.

LOW SCORE

In the four-ball, Kerr and Court won by 3 and 2. The best ball for the first nine was 31, and they were two up at that stage.

Victoria's two university students, Doug Munro and Cliff Horwood, both had chances against Bill McColl and Vince Clarkson, but they failed around the greens when they held the advantage. Each was beaten, 4-3, and the result was the same in the four-ball match.

Victoria's other winner was George Sparling. The left-handed player defeated a steady golf to beat Vic Painter by 3-2.

In the other game in this foursome, Porky Andrews made some fine recovery shots to beat Victoria's assistant pro, Roy Chappell, by 5-3. Chappell hit the ball well but was unlucky with his long putts on the green.

Results:

GORGE VALE & UPLANDS 1
A. Donaldson (GV) defeated Ken Legg, 6-5.
F. Ranson (U) defeated Joe Pryke, 3-2.
Ron Cuth (GV) defeated Bob Morrison, 1 up.
John Morrison (GV) defeated Joe Briggs, 1 up.
G. Andrews (GV) defeated C. Haggie, 5-4.
Wakeham (GV) defeated F. Scroggs, 5-2.
Donaldson and Pryke (GV) defeated Lawson and Briggs (U), 4-3.
Cuth and Morrison (GV) defeated Morrison and Briggs, 1 up.
McColl and Wakeham (GV) defeated Haggie and Scroggs, 4-3.

ROYAL COLWOOD 1, VICTORIA 2
Dr. George Bigelow (V) defeated Bill Court, 4-3.
Kerr (C) defeated L. Carr, 4-3.
Bill McColl (C) defeated D. Munro, 4-3.
Vince Clarkson (C) defeated Cliff Horwood, 4-3.
George Sparling (V) defeated Vic Painter, 3-2.
G. Andrews (C) defeated R. Chappell, 5-3.
Court and Kerr (C) defeated Bigelow and Horwood, 4-3.
McColl and Clarkson (C) defeated Painter and Andrews (C) defeated Sparling and Chappell, 2-1.

End of a Career

Winner of six successive stakes races, handicap-champion Vertex lies in his stall at Camden, N.J., his racing days over. Vertex suffered a chipped sesamoid bone in his left foreleg on Saturday, apparently before he went on to win the Camden Handicap at Garden State Park.

State Park. Vertex will be put out to stud without racing again. The five-year-old won 17 of 25 races, finished second three times and third once, and won a total of \$454,274.—(AP Photofax.)

Speaking Briefly

U.S. Stars Advance In British Amateur

Charlie Coe of Oklahoma City, a 5-1 favorite to add the British amateur championship to his U.S. Open golf title, advanced to the second round at Sandwich, England, yesterday along with three of his Walker Cup teammates.

Coe rallied on the back nine for a 5 and 3 victory over Eustace Crawley. Jack Nicklaus, 19-year-old star in the

American Walker Cup victory, beat Harry Hubble of England, 8 and 6, and Bill Hyndman crushed Tom Hartwright of England, 9 and 8. Billy Jo Patton advanced with a 7 and 5 triumph over N. D. Howard of Britain.

Upset of the day was pulled by Leslie Randall of England, who went three extra holes to beat out Tom Aaron, 21-year-old Walker Cup star.

City Golfers Lead Ladies' Team Test

Mrs. Shirley Fry Naysmith made herself a leading candidate for selection to the B.C. ladies' golf team over the weekend by turning in the best score for three test rounds, played at Royal Colwood Golf and Country Club on Friday, Saturday and Victoria Golf Club on Sunday.

Seventeen Island and Mainland golfers took part in the first of six test rounds which will be used by selectors as a basis for picking three golfers to represent B.C. in the ladies inter-provincial team matches, which will be held in Toronto in August in connection with the ladies' Dominion championship. The winner of the B.C. Close championship is an automatic team selection.

Fourth round for Victoria golfers will be the qualifying round in the Victoria city championships while Vancouver entrants may count their qualifying score in the Vancouver City championship. A fifth test round will be played at Vancouver's Capilano Golf Club on June 20 and the sixth round will be the qualifying round in the B.C. Close, at Capilano June 22.

Players will count the best five of six rounds, need only play in five to be considered. Mrs. Naysmith got off to a fine start with 81 at both Colwood and Gorge but she, along with everyone else in the field, found the high winds at the Oak Bay links tough to handle and had a 96 on Sunday. However, her 54-hole total of 258 was 10 strokes better than the 268 turned in by Mrs. Joan Lawson, who was second best of those who played all three rounds.

The two Victorians were followed by Mrs. Jean Knox of Vancouver, at 274 with her 95-88-91. Colleen Smith and JoAnn Percy of Vancouver were next with 285 and 286, respectively.

Last night's scores: Farmers 5, Half Way House 2; Six Mile House 11, Tudor House 5; West game: Truitt, Morrisons vs. Navy, Central Park; MacNuts vs. Pat Bays, Heywood Avenue Park.

Norm Curran, hard-hitting first-baseman, provided the margin of victory at Central Park last night as Farmers won their fifth straight game in the Men's Senior Open Softball League by defeating Half-Way House, 5-2.

Farmers had a 2-0 lead when Curran came up in the fifth inning with two runners on and clouted a long home run, his second in two days. He hit one Sunday when Farmers pushed their record to 4-0 with a 9-1 rout of Tudor House.

Marc Cunningham, losing pitcher last night, did what he could to help his own cause with a two-run homer in the bottom of the fifth but he was the only one who could do anything definite with the pitching of Bud Ross.

Ross gave up but six hits and took six on strikes to get the nod over Cunningham.

FIRST WIN
In last night's other game, played at Heywood Avenue, Six-Mile House won their first game of the season by outscoring Tudor House, 11-8. Lynn Mathers' three-run homer in the seventh was the big hit in this game. Bill Sweet hit a two-run homer for the losers.

In Sunday's action, Gorge

when the series started, the Phils looked like push-overs for the defending champions. But they won three of the four games to keep the Braves within striking distance of the rest of the field.

Yesterday, the Phils won with previously-winless Don Cardwell, scoring five runs in the seventh inning for a 7-3 decision. On Sunday, the Phils won the first game, 6-0, as ex-Brave Gene Conley gained a measure of revenge, for their second straight win. The Braves, led by Hank Aaron's four hits, came back for their only win of the series, 8-3.

Milwaukee, however, lost no ground yesterday as Los Angeles Dodgers kept San

Francisco Giants three games out with an 8-0 win on a two-hitter by Johnny Podres.

Podres had a no-hitter after one was out in the eighth, but Daryl Spencer ruined his hopes with a single and Bob Schmidt followed with a second single. But that was all for the Giants, who were mainly victimized by Gil Hodges, who cracked out two two-run homers.

Chicago Cubs, who had lost three straight for the first time this season, finally turned on the St. Louis Cardinals for a 9-4 win which kept them at 5-0.

In the lone American League game played yesterday, Detroit Tigers squeaked by Kansas City Athletics, 4-3, as Ray Narleski came in one run in the tying run on third base.

ARE THEY WELL?

On Sunday, although they did no better than break even in a doubleheader with Baltimore Orioles, New York Yankees indicated they may finally have ended their season-long slump.

They looked like the Yankees of old in the first game, breezing to a 9-0 win as Whitey Ford hurled a two-hitter and Yogi Berra and Mickey Mantle each connected for three-run homers.

Jerry Walker, one of the best-looking rookies to come up in some time, stopped the Yankees, 2-1, with five hits in the second game. But Casey Stengel was pleased with his club and even in defeat gloated a bit over Art Ditmar's four-hit pitching.

But, once again, it was a pair of ex-Yankees who did the damage against Yankee pitching. Gene Woodling and Gus Triandos each driving in a run.

PIRATES JUMP UP

Sunday's other highlight was the jump Pittsburgh Pirates took into third place in the National League.

Winning the close ones now that they have begun to move, the Pirates finally got over .500 when they knocked off Cincinnati Reds, 2-1 and 5-4. Pinch-hit doubles by Danny Kravitz and Smokey Burgess broke up the games, the second one in the 10th inning.

They were the fourth and fifth successive wins for the Pirates, now only three and a half games out of first place despite their horrible start. And the steady climb has been accomplished without any help at all from Bob Friend, a 22-game winner last year. Friend 0-7 for the season, started the second game and lasted until the eighth inning, leaving with the score tied at 4-4.

Geordie In, Derry Out As Rocks Resume Play

Geordie Johnston will be in goal for Victoria Shamrocks tonight when they play Carlings in Vancouver, but the Irish will have to do without defenceman Derry Davies as they shoot for a share of second place in the Inter-City Lacrosse League.

Johnston, who pulled a tendon in his right knee during last Thursday's game at New Westminster, was not in strip for last night's workout at Memorial Arena. But he reported that he would give it a try tonight, with the knee either taped or in a brace. Donnie Hamilton will be ready in reserve if Johnston's knee

doesn't hold up as well as he hopes.

Davies is also having knee trouble. He missed last Thursday's game because of recurring trouble with his right knee, will not make the trip tonight, and may not see action tomorrow night when Carlings return to Memorial Arena.

Davies reported that a special brace is being constructed for the knee and that he will play if it is ready by tomorrow night. The big defenceman is the top scorer on the club with 10 points on four goals and six assists.

Shamrocks trail the second-

place Carlings by two points, and coach Norm Baker will make two changes in the line-up that beat New Westminster twice. Ed Kowalyk, something of a disappointment in early season play, has been dropped to a utility role, and will be replaced by Bob McKee on a line with Stu Smith and Jack Showers. Tom Collett, Jim McNeill and Jack Wilson will be on the first line, with Whitey Severson, Bert Bertoia and Ron Jay on the third. Al Davies replaces Derry Davies on a defence combination with Al Gill, and Tom English teams up with Tommy Druce on the other unit.

Carlings will be led tonight by Bill Barbour, the club's leading scorer with 14 points. Statistics released yesterday show Barbour in a three-way tie for second place with Jack Barclay of New Westminster and Skip MacKay of Nanaimo. Jack Blonda of O'Keefe's still leads the league with 13 goals and 12 assists for 25 points.

HUGH NEUMAN

Island Skeet Title Won by H. Neuman

Hugh Neuman of the host Victoria Gun Club was a double winner at Sunday's Vancouver Island skeet shooting championships.

Neuman shattered 50 consecutive birds in the all-gauge event to beat New Westminster's Frank Cooper by one and win the Ted McFeeley Trophy. He also captured the "A" class of the open 20-gauge event, winning the Strathcona Hotel Trophy in a shoot-off with Henry Pottinger after both had scored 46x60 in the regular competition.

Complete results:

ALL GAUGE (30 TARGETS)	
A Class—Hugh Neuman (30x50); Frank Cooper (29x50)	
B Class—D. Pottinger (27x50); Jack Rouch (26x50)	
C Class—L. Watts (26x50); W. Mubrell (24x50) (Watts won shoot-off)	
D Class—Fay Lim (22x50); Jack Erb (20x50)	
E Class—Ken Wilkins (17x50); D. Johnson (16x50)	
20 GAUGE (30 TARGETS)	
A Class—Hugh Neuman (46x60); H. Pottinger (46x50) (Neuman won shoot-off)	
B Class—D. Pottinger (47x50); Jack Rouch (46x50)	
COMBINED TROPHY	
Jack Rouch all gauge shoot (45x60); 16-yard trap (48x50)

Five Canadians Left But Marlene Missing

ASCOT, England—Five Canadians qualified yesterday for the third round of the British women's amateur golf championship, but the big news of the day was made by a Canadian who lost—Mrs. Marlene Stewart of Toronto.

Marlene, who won the title in 1953 and was one of the favorites this year, didn't get past the first round as she took a 4 and 3 losing from a relative unknown, Mrs. Thelma Brown of Bombay, India.

ADA GOES, TOO

The stunning upset left Canadian hopes resting with Roma Neundorff of Toronto, Mary Gay of Calgary, Rae Milligan of Jasper, Alta., Mrs. J. H. McCarter of Lambton, Ont., and Judy Darling of Montreal. Ada Mackenzie, 66-year-old veteran from Toronto, defeated Mrs. I. M. Brown of Britain, 3 and 1, in the opening round but lost her second round match, 3 and 1, to Miss Belle McCorkindale of Britain.

Most of the talk in the championships, being played over the 6,379-yard, par-70 Berkshire course near London, centred around Mrs. Stewart's loss to the unheralded Mrs. Brown.

Making her first appearance in the championships, Mrs. Brown chipped and putted

brilliantly to win the first five holes. She was four up at the turn in 38, won the 10th, lost the 11th and 13th, but ended the match at the 15th when Mrs. Stewart hit her second shot into the rough and flubbed her recovery shot.

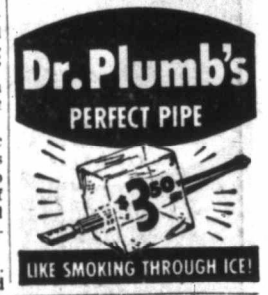

"TIRED GOLF"

Mrs. McCarter, the Canadian team captain, shrugged off Mrs. Stewart's loss by saying she was playing "tired golf" after winning the British handicap championship last week at Wentworth.

She was more enthusiastic about the performance of Miss Gay, who whipped Curtis Cup player Janette Robertson of Britain, 6 and 5, then edged Norma Campbell of New Zealand, 1 up.

Miss Neundorff beat Mrs. A. King-Lewis of Britain, 4 and

3, in the first round, then beat Eileen O'Grady, another Briton, 2 and 1. Miss Darling defeated Mexican champion Sandra Clifford, 2 and 1, and took Vicomtesse de Saint-Sauveur of France, 1950 champion, 5 and 3.

Mazur Wins Feature

VANCOUVER — Luck changed yesterday for Mazur, a hard-trying thoroughbred who never seems to hit the winners' circle as often as he should.

Ridden by veteran Kenny Coppennol, Mazur beat a

small, but tough, field in the featured seventh race at Exhibition Park to return backers \$9.40, \$4.80 and \$2.80 across the board.

Gollywood, trying for a third win in the still young season, was second while favored Kronje took the show part of the money.

Good prices continued to be a feature of the meet, which resumes again Wednesday. Mad-togo found the muddy track to his liking in the eighth race, but few thought he would, as the \$51.70 straight payoff, largest of the day, indicated. Early Rambler finished second to set up a \$103.10 quinella.

Pull Thru in the first, Gwenth Glen in the third and Kacita in the sixth also paid off in double figures. The daily double, Pull Thru-Val Read, was worth \$41.20.

MONDAY'S RESULTS
First Race—\$1000 claiming, 4-year-olds and up, boxed in Canada, six furlongs: Pull Thru (Williams) \$12.40 \$4.50 \$2.00; Gallant Car (Lanoway) \$10.10 \$4.00 \$1.80; Joe H (Cormack) \$4.00 \$1.80 \$1.00; Also ran: Gunners Record, Penny.

Second Race—\$1000 allowance, 3-year-olds and up, six furlongs: Gwenth Glen (Hrntid) \$22.10 \$4.00 \$2.00; Tiger Theory (Richards) \$5.00 \$2.50 \$1.50; Also ran: Prince Papi, Jimanna, Jay say Jay, Green Valley, Continuity, Time \$2:14.5.

Third Race—\$500, allowance, 2-year-olds, about three and a half furlongs: Gwenth Glen (Hrntid) \$22.10 \$4.00 \$2.00; Tiger Theory (Richards) \$5.00 \$2.50 \$1.50; Also ran: Prince Papi, Jimanna, Jay say Jay, Green Valley, Continuity, Time \$2:14.5.

Fourth Race (sub)—\$500, claiming, 3-year-olds and up, six furlongs: Robbers (Arterburn) \$3.00 \$2.00 \$1.00; The mine (Ulrich) \$2.00 \$1.00 \$0.50; Also ran: Richmond Lady, Bev Girl, My Gull, Pines Ark, Sollen Love, Time \$1:14.5.

Fifth Race—\$1000, optional, claiming, 3-year-olds and up, six furlongs: Gwenth Glen (Hrntid) \$22.10 \$4.00 \$2.00; Tiger Theory (Richards) \$5.00 \$2.50 \$1.50; Also ran: Prince Papi, Jimanna, Jay say Jay, Green Valley, Continuity, Time \$2:14.5.

Sixth Race—\$500, optional, claiming, 3-year-olds and up, six furlongs: Gwenth Glen (Hrntid) \$22.10 \$4.00 \$2.00; Tiger Theory (Richards) \$5.00 \$2.50 \$1.50; Also ran: Prince Papi, Jimanna, Jay say Jay, Green Valley, Continuity, Time \$2:14.5.

Seventh Race—\$1000, allowance, 4-year-olds and up, six furlongs: Mazur (Coppennol) \$9.40 \$4.80 \$2.80; Gollywood (Armold) \$4.00 \$2.00 \$1.00; Kronje (Williams) \$2.00 \$1.00 \$0.50; Also ran: Deep Current, Mabe Mike, Time \$1:13.1.

Eighth Race—\$500, claiming, 4-year-olds and up, six furlongs: Mazur (Coppennol) \$9.40 \$4.80 \$2.80; Gollywood (Armold) \$4.00 \$2.00 \$1.00; Kronje (Williams) \$2.00 \$1.00 \$0.50; Also ran: Deep Current, Mabe Mike, Time \$1:13.1.

Quinella \$103.10.

Income Tax Stops Bobo

SAN FRANCISCO (AP)—An income-tax claim which threatened to take all of Bobo Olson's end of the purse has caused the former middleweight champion to cancel his June 8 fight with Sonny Ray of Chicago, matchmaker Benny Ford announced Monday.

Ford said Olson plans to try to work out some kind of plan for settlement of the tax claim. "If he can't do so he probably will not fight again."

The amount of the claim against Olson has been reported unofficially to be about \$48,000.

King Fisherman

Contest Near 600th Entry

Although cool winds on Sunday spoiled what had promised to be a fine weekend and fishermen still haven't had any stretch of good weather this month, entries in the Daily Colonist King Fisherman Contest passed 500 and neared 600 over the weekend to assure that this would be the second best May in the five-year history of the contest.

In 1957, when a total of 16,299 fish were weighed in, the contest started with 508 entries in May. Last year, with anglers favored by exceptionally fine weather, 892 fish were entered in May, the start of 16,021 entries for the year.

Fishing was good in Saanich Inlet over the weekend although nothing was reported over 17 pounds.

'Young Devil'

As associates and anti-
onists congratulated Cana-
dian-born Lord Beaverbrook
on his 80th birthday Mon-
day, columnist Cassandra
wrote: "on the calendar, he
is an old, old man, but in his
rest for life, his capacity for
mischievous enjoyment, he
is still a young devil..."

Firms Forced To Use Plastic

WINNIPEG (CP) — Major
dry cleaning and laundry firms
here say they will continue
using plastic laundry bags,
blamed for the deaths of 28
U.S. children and one Canadian
child.

But, most dry cleaning oper-
ators said Monday they origi-
nally were forced into using the
bags by one or two large comp-
anies and they would stop

using them if the public de-
manded such action.

Gordon Gage, president of
the Manitoba Association of
Cleaners and Launderers, said
the association will discuss the
question at its next meeting
but doubted there would be
any action against the use of
the bags.

Several operators have de-
fended the use of these bags
by stating similar containers
are used by other businesses,
such as food distributors.

"We think this thing has
been blown out of proportion.
We have never had any trouble
with the bags here..."

Hush Over Paris

PARIS (Reuters) — A
"week of silence" started
yesterday with police ap-
pealing to all citizens to join
a campaign to reduce noise
in Paris.

Householders have been
asked to keep their radios
at low volume, to stop bang-
ing doors and even to avoid
loud family quarrels during
the week, designed to show
the virtues of the quiet life.

Athletics

Lampson School Leads

Lampson Street School took
an early lead yesterday in the
Zone 2 elementary schools
track and field meet at Mt.
View High School.

More than 80 contestants
took part as Lampson School
polled 19½ points to win the
field sports section of the
meet. Track section will be
held Friday.

Runners-up in yesterday's
meet were Quadra School with
15½ points, Tillicum with 5½,
Monterey with 4½ and Tolmie
with 3.

Complete results follow:
Girls' broad jump (11 years)—1. Gail
Perry, Lampson; 2. Linda Threlkell,
Lampson; 3. Caroline Bailey, Tolmie.
Boys' broad jump (11 years)—1.
Trevor Wilson, Quadra; 2. John Fletcher,
Quadra; 3. Eddie McLean, Monterey.
Girls' broad jump (open)—Rosalee
Franklin, Quadra; 2. Blon Frank, Tol-
mie; 3. Bonnie Johnston, Lampson.
Boys' broad jump (open)—1. Herbie
Franklin, Lampson; 2. Rudy Black,
Lampson; 3. Brent Marshall, Quadra.
Girls' high jump (11 years)—1. Bar-
bara Toller, Monterey; 2. Alice Smith,
Lampson; 3. Shirley Waters, Tillicum.
Boys' high jump (11 years)—1. Brian
McIntyre, Lampson; 2. Glenn Owens,
Quadra; 3. Tony Roberts, Tillicum.
Girls' high jump (open)—1. Juanita
Warren, Lampson; 2. Donna Neve,
Quadra; 3. Rita, Wendy Nelson, Mon-
terey; and Carol Miller, Tillicum.
Boys' high jump (open)—1. Joe Law-
rence, Tillicum; 2. Dennis Whiteside,
Quadra; 3. Rita, Murray Smith, Lamp-
son; and Dennis Gotsald, Quadra.

'Ban These Bags!'

TORONTO (CP) — Chief
coroner Smirle Lawson yes-
terday called for a ban on
"suicidal" plastic dry cleaning
bags.

He said he had just been
told of a baby suffocated by
one of the bags at Windsor. "I
complained about these mur-
derous bags once before and
got my knuckles rapped by
the plastic bag people," he
said.

"I don't care how much they
complain, I'm going to say:
ban these bags."

The American Safety Coun-
cil reported recently that 28
United States children had
been suffocated by the bags
since January.

William Brian Carr, 10
weeks, suffocated after his
mother put him down on one
of the plastic bags.

The laundry which delivered
the plastic bag to the Carr's
Windsor home has announced
it will stop using them. The
fants posed by the plastic con-
tainers.

Victoria couple elected to head The Order of the United Commercial Travelers of America are William and Bessie Bayliss, 3421 Mayfair Drive, who were chosen during a convention at Olympia, Wash. He is grand counselor of the order and his wife is grand counselor of the group's ladies' auxiliary. Other Victorians elected were William Chisholm, publicity; William George, grand chaplain; Mrs. W. P. George, grand chaplain of women; Ron Upward, deputy grand counselor, and Mrs. Arnold Westaway, ladies' grand executive.

Are They Affected?

Strontium Check On Teeth

TORQUAY, England (Reuters)—Checks on human teeth to see if they are being affected by strontium-90—a bone-destroying substance in the fallout from hydrogen bombs—are being carried out in Britain.

Dentists were told at their annual conference here that the project has been introduced in a small way but gradually will be stepped up.

More than 200,000 men and women are regularly employed in forest industries in Sweden.

New Earl Returns To \$28-a-Week Job

LONDON (UPI)—John Campbell, who recently became Lord Glenorchy, 10th Earl of Breadalbane and Holland, returned yesterday to his job as a \$28-a-week government messenger because there is no certainty yet when and how much he will inherit of the 360,000-acre Scottish estate which includes two castles and a 100-room house.

Trade Pact Signed By U.K., Russia

MOSCOW (Reuters)—Britain and Russia Sunday signed a five-year-trade agreement designed to stimulate business in markets ranging from matches to machinery.

Britain added incentive for Soviet buyers with an indirect form of government credit.

The trade agreement was signed for Britain by Sir David Eccles, president of the board of trade.

'Pay-Later' Plan Success but 'Bad'

FORT WILLIAM (CP)—The president of Trans-Canada Air Lines said Monday the "fly-now, pay-later" plan, though working well, was not a "good thing."

G. R. McGregor said in an interview here his airline was forced into the plan by competition. "People are influenced into taking a trip which costs 12 per cent more," he said, "and they are paying 18 months later when they have nothing but memories of a sunburn and snapshots to show for it."

He said his airline would not enter into helicopter service between airports and downtown areas.

Nazi Guard Admits 500 Killings

FULDA, Germany (AP)—A former sergeant of the Nazi SS elite guard has admitted killing at least 500 concentration camp prisoners in the last month of the war, says state prosecutor Robert Hafke.

Gottlieb Muzikant, 55, an SS medical corps sergeant, said he either strangled his victims or gave them fatal injections of air or insecticide.

The Royal William, wooden paddle-wheel steamer built at Quebec in 1831, was the first vessel to cross the Atlantic under steam.

TOP ECONOMY? SURE!

BUT...

FRONT-ENGINE STABILITY, TOO!

Certified tests prove SIMCA gives far better than forty miles per gallon gas economy, but that's just part of the SIMCA story. The front-mounted engine means better balance, better cornering, and greater all 'round driving ease. Extras? ... plenty! Reclining seats on all Super De Luxe and sports models. Standard equipment? ... all SIMCAs come with a potent heater-defroster, trip mileage indicator, steering column gear shift, 4-speed transmission, permanent oil filter, and more! This spirited 4-door family sedan is backed by Chrysler Corporation with coast to coast parts and service.

Test drive one today! You'll agree only SIMCA gives so much value for such a low, low price.

cars love Shell

These 2 gasolines give new power, new smoothness, more mileage

EXCEL WITH SHELL

If the manufacturer recommends "premium"—

Super Shell with TCP

You get the most mileage, a smoother-running engine, from the most powerful gasoline your car can use

Super Shell's superior road performance—the actual power delivered to the wheels of your car—now means more power-per-gallon than ever before. When cruising, Super Shell's new extra power converts automatically in your car's engine to give you increased mileage and lower running costs. But—the price of Super Shell has not been raised! And remember: Super Shell has TCP*. This unique patented additive neutralizes harmful engine deposits that can rob even a new car of its peak performance.

If the manufacturer recommends "regular"—

Shell Gasoline with TCP

It's loaded with premium features, but sells for the price of regular gasolines

Shell Gasoline is a quality gasoline with better performance than the very top premiums of only a short time ago. Shell Gasoline is designed to give top performance in all cars except those with a very high compression ratio. And Shell Gasoline has TCP. This unique patented additive helps smooth out engine "roughness" and spark plug "miss" ... gives you all the power and mileage you pay for. And remember: with all these added benefits, Shell Gasoline still sells at the price of regular gasoline.

*Shell's Trade Mark for this unique gasoline additive developed by Shell Research. Patented 1955

Your Dollar goes farther with Shell—and so do you

He Wasn't Too Old

Sharing a family reunion, John Freeland, 39, and his wife and daughter have to look in mirror atop his iron lung to see each other at hospital in Denver. Freeland thought he was "too old" to need polio vaccine shots. Now he is Colorado's first polio victim of 1959.

Whether Queen on Land or Sea

Planes, Ships Will Be Near

Air force search and rescue planes will stick close by the aircraft carrying Queen Elizabeth and Prince Philip over the rugged northern section of B.C.

An air force spokesman said yesterday that aircraft of 121 Communications and Rescue Squadron based at Sea Island will be strategically spotted along the route of the royal plane from Patricia Bay airport to Terrace and on to the Yukon.

From the time it leaves Patricia Bay at 10 a.m. July 18, escorting aircraft "will be only minutes away from the Queen's plane at all times," the spokesman said.

Some of the security measures surrounding the royal couple's three-day visit to Vancouver Island were disclosed at a tri-service press conference here yesterday.

Four destroyer escorts of the RCN Pacific Fleet will provide a "circular screen" formation with HMCS Assiniboine carrying the royal couple in the centre during the overnight trip from Vancouver to Nanaimo July 15.

From first light, Comox-based twin engine reconnaissance aircraft will patrol the sea lanes ahead of the Assiniboine as it approaches Nanaimo.

During the royal couple's two-night stay at the new Government House in Victoria they will be guarded by a tri-service group of some 40 members of navy, army and air force under Lt.-Cmdr. H. D. Joy, RCN.

Philatelic Award Won By Victorian

A Victoria stamp collector, Mrs. Violet Molesworth, 1176 Yates Street, has won national recognition at the annual Canadian Philatelic Society exhibition at Sarnia, Ont.

Mrs. Molesworth, who has been collecting stamps for six years, won the Montreal trophy for her entry of "Heraldic Lions on Stamps" in the topicals class, defeating opponents from across Canada and the United States.

Member of both the Vancouver Island and Greater Victoria Philatelic Clubs, Mrs. Molesworth was one of six entrants from the two Victoria clubs.

Faithful Workers Get \$1,450,000 from Boss

CAMBRIDGE, Mass. (UPI)—An elderly businessman has decided to divide \$1,450,353 among his employees so he can "have fun giving while I'm living."

Harmon Elliott, 72, left for a Florida vacation after making the grant to employees of the Elliott Addressing Machine Co., which he headed for 52 years.

He sold the firm last Friday for \$3,700,000 to Bessemer Securities Corp. of New York City, with an agreement that all employees would be retained and that the company would continue operations "as usual."

Elliott said he was giving the money, to be distributed among 400 workers employed by the company for 10 years or more, partly in gratitude

for the fact that there never was a strike in all his 52 years as president.

A spokesman said the grants would average between \$3,500 to \$4,000.

'Factory' Courts Abuse Justice

Calls on Albania

Soviet Union's tiniest satellite, Albania, welcomed Nikita Khrushchev yesterday for a 12-day visit that's a puzzle to Western observers. Some speculate he'll set up rocket bases, others that he'll propose a Balkan atom-free "peace zone."

Three Children Left To Fiery Death

MILWAUKEE (AP)—Three children left alone died in a fire early Monday, police said, while the parents were at a lounge where their father played with a jazz band. Victims were David Lewis, 3, and his sisters, Harriet, 1, and Robin, six months.

VANCOUVER (CP)—Magistrates' courts across Canada have a factory-like atmosphere, dealing with cases on a mass-production basis, and the system is leading to many abuses, a distinguished lawyer said Monday.

Arthur Maloney, QC, Toronto MP and parliamentary assistant to the Minister of Justice, in a speech to the Canadian Congress of Corrections:

1. Warned that over-loaded prisons are "a luxury Canada cannot afford."
2. Told magistrates they should not impose long jail sentences.
3. Criticized some lawyers for charging high fees, then doing nothing to prepare cases properly.
4. Suggested that no lawyer had a right to refuse a case because he thought it was unpopular or he might lose it.
5. Told police and prosecutors it's time they stopped judging their ability by the number of convictions.

Mr. Maloney said magistrates handle 92 per cent of all Canadian criminal cases and their impact on the thousands of people charged could well set their future life patterns.

"What disturbs me is the factory-type atmosphere evident every morning in our magistrates' courts," he said. "This is primarily due to sheer pressure and volume of business, and results in a lack of individual attention to the needs and requirements of each accused person. This is not criticism of magistrates, but sympathy with them."

Mr. Maloney suggested governments should expand court facilities and appoint more magistrates. The present system, he said, is particularly hard on young offenders, whose first conviction is the most vital one.

A hasty decision could cause destruction of a promising future, he said, urging that magistrates should use more probation.

There was a feeling in some quarters that a taste of prison was salutary to young offenders, so magistrates would remand them in custody for several days.

"There is a real danger that an inexperienced and impressionable teen-ager will develop an anti-social state of mind."

Another sore point was the difference in sentences given by magistrates for the same sort of offence.

'Crime Confuses Public More Than Rockets Do'

VANCOUVER (CP)—J. R. Keys of Portland, Ore., former assistant superintendent of the juvenile detention home here, says the average citizen is more confused about delinquents and crime than he is about nuclear weapons and a rocket trip to the moon.

Navy Plans Big Show To Mark Royal Visit

Brilliant, Colorful Display Planned

Brilliant and colorful display is planned by the navy to top off the royal visit to Vancouver Island this summer. Scenes will be reminiscent of those during

last year's visit by Princess Margaret when warships of the Pacific Command staged a fireworks display, top; and fleet illumination.—(RCN photos.)

'Council Autonomy Taken Away'

Oak Bay Thumbs-Down Capital Development Plan

For Tax Notice

Citizen Says Thanks

With comments like "wonderful" and "we should frame it," Oak Bay Council last night filed a letter from a citizen who offered thanks for receiving his tax notice.

J. L. Le Huquet, 2475 Cardigan, wrote: "I have today received my annual tax notice for 1959, together with the usual statement of municipal revenues and expenditures. The latter is very clear and concise, indicative of the very efficient manner our elected representatives have managed the affairs of the municipality. It is a pleasure to offer my very sincere thanks to you and your staff."

"We don't get many like this," municipal clerk A. D. Findlay remarked as council resumed less rewarding affairs.

Seen in Passing

Mrs. Helen Smith ready to go on stage as "Stella Bentley" in the Victoria Theatre Guild production "As Long As They're Happy" being staged tonight this week at 8:15 at Langham Court Theatre. (Mrs. Smith and her husband, Hershel, have five children, Glen, 13, Roger, 11, Elizabeth, 10, Bruce, 7, and Virginia, 2. Her hobbies are the Victorian Order of Nurses auxiliary and the Theatre Guild.) ... Harry Martin congratulating himself on another birthday ... Bob Lines bucking his way through rush-hour traffic ... Don Sigler losing out on a downtown parking spot ... Capt. Peter Tees returning to Victoria for the first time in 16 years as the aide of Maj.-Gen. Chris Vokes. His father, Brigadier F. C. Tees, is a well-known local artilleryman.

MRS. HELEN SMITH

No Plea Made

Calm Youth Faces Charge of Murder

A 17-year-old Grade 11 student stood calmly in city police court yesterday to hear a charge that on May 23 he "did murder James Clifford Luske."

The youth, Ronald William Webber, 1417 Camosun, where the fatal shooting took place Saturday evening, was remanded to June 1 to set date for preliminary hearing.

There was no plea, nor was application made for bail.

The bespectacled youth appeared unmoved, wearing a black windbreaker-type jacket and dark trousers, he entered the prisoner's box and looked at the courtroom.

He was represented by defence counsel G. A. Lauder. The dead man, a lieutenant in the Victoria fire department, was a roomer at the home of accused's mother, Mrs. Alice O. Webber.

He was found lying on his left side in a rear bedroom of the house, a single 22 bullet through his chest.

Minutes before his city court appearance, young Webber was ordered transferred to that court from city juvenile court.

During the reading of the charge his mother, who had accompanied Mr. Lauder to police headquarters, waited downstairs.

No inquest will be held into Luske's death. An autopsy was performed yesterday.

Funeral services for Luske will be held at 3 p.m. Thursday from McCall Bros' funeral home, Rev. David Murphy officiating. Interment will be at Royal Oak Burial Park.

RONALD WEBBER ... remand to June

★ ★ ★

Webber Home In Darkness

The Camosun Street home owned by Mrs. Webber was a place of darkness yesterday. Blinds covered windows on the street side and large plywood panels had been nailed across a garage door which yawned open on the night of the slaying.

Cyclist 'Fair' After Crash With Car

Arthur Fallas, 75, of 1063 Bay, is in "fair" condition at Royal Jubilee Hospital, following a collision Sunday at 9:27 a.m. between the bicycle he was riding and a car driven by Peter M. Wilson, 1235 Fairfield.

Collision occurred at Bay and Shelbourne. Fallas suffered a skull fracture, abrasions and shock.

Military Program Disclosed

A dozen ships of the Royal Canadian Navy will stage a spectacular fleet illumination and fireworks display off Clover Point to mark the Royal visit to Victoria.

Earlier in the day, July 17, the ships will be anchored in Juan de Fuca Strait to provide a nautical backdrop to the stirring military occasion when the Queen presents her colors to the 1st Battalion, PPCLI at Beacon Hill Park.

At the close of the colors ceremony, RCAF planes will streak overhead in a fly-past in the form of an "E".

Details of military events during the three-day visit of the Queen and Prince Philip to Vancouver Island July 16-18 were released at a tri-service press conference held at Esquimalt yesterday afternoon.

The royal couple will travel by sea from Vancouver arriving in Nanaimo aboard HMCS Assiniboine at 10 a.m. on July 16. Four other Pacific Command destroyer escorts will form an escort.

As the royal party steps ashore three CF-100 all-weather fighter aircraft from RCAF station Comox will fly over the ship.

CLOSE TO 1,000
Close to 1,000 members of the three armed services will take part in a tri-service parade held in the afternoon following arrival of the royal party in Victoria.

More than 400 officers and men of the 1st Battalion, PPCLI will take part in the Queen's color ceremonies in Beacon Hill Park on July 17.

When the Queen and her party depart from Patricia Bay airport at 9:30 a.m. July 18 for Terrace, a 100-man air force guard of honor will be on parade along with the band from Trenton air force station.

On arrival in the city the royal party will go to the legislative buildings where the 5th (B.C.) Independent Medium Battery, RCA, will fire a royal salute.

NAVY ROYAL GUARD
The Queen will inspect a navy royal guard and color party under Lt.-Cmdr. H. E. T. Lawrence.

Her Majesty will reply to an address of welcome from Premier W. A. C. Bennett, before going to the legislative chamber to meet MLAs and members of the government.

Afterwards, the Queen will go down the central walk in front of the legislative building to the saluting base on Belleville Street. Some 280 officer cadets of HMCS Venture and university naval training divisions will line the walk.

Capt. J. G. Gray, RCN, parade commander, will lead the tri-services parade, followed by the royal guard with the Queen's color party, HMCS Naden Band, and a 360-member navy contingent.

Twelve operational ships of Pacific Command will anchor off Victoria's waterfront at Beacon Hill Park on Friday morning, July 17.

LYING AT ANCHOR
Lying at anchor in full view of thousands gathered to witness the Queen's color parade, the ships will be "dressed overall" during the forenoon.

Early in the afternoon, the ships will move to new anchor berths off Clover Point so that all will be clearly visible from Government House.

At precisely 10 p.m. the order will be given to illuminate the ships and hundreds of electric lights will blink out, outlining the vessels. At 10:15 the lights will black out.

BURST OF NOISE
A minute later the scene will erupt in a spectacular burst of noise and color as fireworks play over the ships for almost 15 minutes.

As the Assiniboine steams out of Vancouver harbor on the night of July 15 carrying the royal couple to Nanaimo, four other destroyer escorts of the Second Canadian Escort Squadron will follow her in line ahead formation.

The following morning, escort ships will pass the Assiniboine in review.

EDMUND HOFFMAN ... already dead

★ ★ ★

Rescue Fails

Man Killed As Ditch Caves In

Official Hits Lack Of Shoring

A 29-year-old father of two, Edmund Hoffman, 1032 McGregor, was fatally crushed under three feet of earth yesterday while working in a seven-foot drainage ditch in the 1800 block of San Juan.

Rushed to Royal Jubilee Hospital he was pronounced dead on arrival, despite resuscitator aid.

Fellow workmen employed by Vickery Construction Company on the drainage project for a new subdivision said Hoffman was laying sections of drain in the ditch when the side suddenly collapsed covering him with three feet of dirt.

TOPPLED IN
Hendrick von Schulburg said he was standing only a few feet away "when the wall suddenly toppled in."

"I immediately jumped down to him (Hoffman) but I think he was already dead."

Schulburg said he began to shovel the dirt out by hand and was immediately joined by a mechanical shovel.

"We had him free within three or four minutes, then the police arrived."

Schulburg, a construction man for five years, said he believes Hoffman was struck on the back with a heavy piece of clay.

Compensation board inspector R. E. Hill said the men were apparently putting in a surface drain when the bank caved in.

AGAINST STANDARDS
He said the banks were "definitely against board standards—they should have been shored."

Surviving Hoffman are the widow, Nellie at home; two sons, Harold, four, and Ronald, one, and his mother, Mrs. Rosa Hoffman at the same address.

An inquest is scheduled Wednesday at 10 a.m. in McCall's funeral home.

To Avoid Strike

Council Concedes Further

Victoria city council has made further concessions in an attempt to avert a strike of its 250-man outside staff.

The new offer came out of a meeting yesterday morning between representatives of the union and the council, and the provincial government mediator, W. T. McLaughlin.

The hush-hush offer will be put to a meeting of the outside staff members tonight for direction to the executive.

A union official described the city as making a "definite" offer following yesterday morning's meeting with Mr. McLaughlin. He would not amplify the description.

Mayor Scurrah was equally tight-lipped about the situation, last night, commenting only, "I think it is fair to say the door is still open and we are still negotiating."

"The door has not been closed by either the union or the city."

Crash Damage Estimated At \$1,000

An estimated \$1,000 damage resulted from a head-on collision between a sedan delivery and a car on Tillicum near Gorge, at 4:30 p.m. yesterday. None of the occupants were seriously injured. Driver of the truck was Alois Walbell, 725 Rupert, and the car was driven by Douglas Braithwaite, Tapping Road, Sidney.

Reeve Raps Bus Cuts

Positive Thinking Suggested to BCE

Reeve A. C. Wurtele, of Esquimalt, last night urged positive thinking by B.C. Electric on transit problems in Greater Victoria—but failed to win over members of his own council.

The reeve scored the "negative approach" adopted by the transit company which blamed falling off of nighttime and holiday bus travel on more cars and more TV sets.

Cuts in services and higher fares, the reeve warned, can only result in fewer and fewer bus riders "until the company eventually goes out of the (transit) business."

Smith and City Swap Papers

City council representatives and J. Donald Smith, who is challenging legality of the city's downtown parking plan, met yesterday to trade documents for examination. The move is a prelude to legal action planned by Mr. Smith, an MLA for Victoria.

Reeve Wurtele said council should approve the proposed bus cuts on condition that the company agreed to consider suggestions put forward by the intermunicipal committee for cutting transit losses.

"Let's take a positive approach for once," he said.

But councillors couldn't agree, and after a couple of motions failed to get a second, there was a third motion to table the whole matter until the next meeting of council.

In the midst of the general murmur of agreement, Coun. James Bryant spoke up: "I want my vote recorded against."

"But this is a motion to table," someone protested.

"I'm against any motion with regard to this matter," Coun. Bryant retorted. His vote was recorded.

Oak Bay council at its regular meeting last night voted not to oppose the B.C. Electric's proposed bus schedule reduction. Earlier Saanich had referred the whole matter to the Public Utilities Commission.

Your Problems

By Ann Landers

Dear Ann Landers: I'm writing in regard to the letter concerning boys visiting girls who are baby-sitting. I agree with you that this should not be permitted. My reasons, however, are not entirely the same as yours.

When people hire a sitter they trust her with their most valuable possessions — their children. If the sitter is entertaining a boy friend she's not so likely to give her full attention to her responsibilities.

The girl who goes to work in an office or a retail store wouldn't think of entertaining

friends on the job. Why, then, should she expect to do this while baby-sitting? She's being paid for her time and her employer has the right to expect her undivided attention. Sitters should have this explained to them from the outset. It should not be assumed that they "know better." Most of them don't.—MOTHER OF FIVE.

Dear M.O. Five: Many mothers and a surprising number of conscientious sitters wrote along these same lines. There's no question about it—"She sits best, who sits alone."

It Happened Again

Dear Ann: It happened again last night for the 20th time. I decided to write for advice before I lose my temper and hit my big-hearted husband over his dumb head.

We've been married 10 years. He's loyal, loving, and has never caused me any trouble. The problem I'm having with him has never been mentioned in your column that I know of.

When we're with family or friends someone invariably admires my earrings, a pin, a scarf, a novel eye-glass case or even a hat. My husband puts me on the spot by saying "Give it to her, honey. You can get another one." What

Like Other Woman

Dear Ann: I'm a 30-year-old woman with a child. 7. My husband suddenly took into his head that I should "go to work like other modern women." I'm not trained for anything so I couldn't earn more than about \$35 a week. By the time I paid someone to take care of my child, plus the carfare, I'd have less than \$10 a week left. I don't think this is worth leaving my home for.

My husband has always been strong-willed and domineering. I have to get up at four a.m. to fix his breakfast. Two years ago I had a serious operation and I'm still nervous and underweight.

He has never helped me around the house and he comes and goes as he pleases. I don't think he'd change if I went to work. He makes \$100 a week and we've always been in debt. Please tell me what is the right thing to do.—E. J. J.

In your case, working outside the house makes no sense. A husband has no right to demand his wife get an out-

side job when she has a home and young child to care for. If he's so eager for the extra money, he should get a part-time evening job instead of "going and coming as he pleases."

Confidential to BORED AND BLUE: Have you seen your doctor? Maybe it's "a-boy-for-you-and-a-girl-for-me" that is needed to pump a little meaning and purpose into this anaemic relationship.

To learn the difference between a marriage that "settles down" and one that "gets dull," send for Ann Landers' booklet, "What To Expect From Marriage," enclosing your request 20 cents in coin and a large, self-addressed, stamped envelope.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.)

AIR-CONDITION YOUR FEET! BUCKLEY'S Stainless WHITE RUB air-conditioners are, lined, tortured feet. Makes you feel like you're walking on air. Stops bad odors. Keeps your feet sweet-smelling and cool on the hottest summer day. Heals cracked, blistered skin. Greases-

less — vanishes deep down into the skin fast. Sold everywhere — 59¢.

Church Choirs Join To Stage Operetta

Combined junior choirs of St. Mark's and St. Christopher's churches are presenting an operetta "The Man With The Crooked Nose," at 8 p.m. Thursday and Friday in St. Mark's Parish Hall, 501 Boleckine Street.

Summertime offering

Summer has arrived in our accessory department, bringing sunny, gay handbags that reflect its blithe spirit. Brilliant blooms blossom under clear vinyl in the styles illustrated... selected at random from our new, dazzling collection.

Floral motif handbags, natural or white linen background.

Golden Wedding Trip

Mr. and Mrs. A. J. Patterson, 1527 Mt. Douglas Cross Road celebrated their golden wedding anniversary recently and announced plans for travelling to England June 29 "to visit relatives and renew old acquaintances." Married in England in 1909, the Pattersons have not been back to England in 39 years.—(Photo by Jorgen Svendsen.)

A LOVELIER YOU

By Mary Sue Miller

FASHIONS IN PRINT. There's going to be a lot of print in the fashion news this summer. Suits, coats, dresses and casuals galore will be made of prints. Very handsome and diversified they are, too!

The diversification is so great that no damsel will be able to claim she "just can't find a becoming print." How's this for range? dots from pin-size to saucer size; stripes and checks so small you can hardly see them up close, and so bold you can't miss them a block away; florals in miniature, real and jungle sizes.

How will you have yours? The answer is small and shadowy, if you would wish to look the same. A tall, willowy figure is needed to carry off splashy, definite patterns. For a petite, a dainty but forthright print can be recommended. Moderately sized and spaced, a print is just right for an average figure.

Now that flattery is figured for you, why not break out in print? It's a gay, fun and

practical move in the good old summer time!

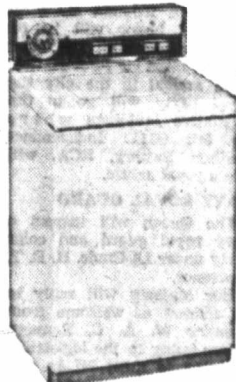

HIP REDUCING ROUTINES. You can diet until you become feather-light and still be hip-heavy. Reduction in the hip-line is assured only by exercise. For a set of quick and effective ones, send for my leaflet, Hip Reducing Routines. Write me in care of this newspaper, enclosing a stamped, self-addressed envelope and 5 cents in coin to cover handling. (Copyright 1958, Field Enterprises, Inc.)

PERSONAL MENTION

The Commanding Officer and officers of the Canadian Scottish Regiment (Princess Mary's) have issued invitations to afternoon tea on Sunday from 3.30 to 5 p.m. in the officers' mess, Bay Street Armoury. The affair is to mark the occasion of the change of command from Lieut. Col. J. Fawcett, CD to Major P. F. Ramsay, ED.

Cadets Join Ships

—One hundred and twenty officer cadets of the regular force from the three Canadian Services' Colleges, Royal Roads, Royal Military College and College Militaire Royal de St. Jean, Quebec, have joined ships of the Fourth Canadian Escort Squadron for summer training. Commander of the squadron is Capt. H. A. Porter and cadets will be allocated to the frigates HMCS New Glasgow, Sussexvale, Jonquiere, New Waterford, Beaconhill, Antigonish, Stettler and Ste. Therese.

Guests from Ireland

Mr. and Mrs. K. T. Chalmers, 3411 St. Matthews Street will have as their guest for the next three months, Mrs. Chalmers' sister, Mrs. L. J. Broily, of Coleraine, Northern Ireland. The sisters have seen one another for 15 years. Mrs. Broily will be accompanied by her 5-year-old daughter, Catherine.

Descendent of Queen

A descendent of the last reigning queen of Hawaii, Mrs. M. Magoon of Honolulu, was in the city over the weekend a guest at the home of Mr. and Mrs. David Cooper, Glenora, Fernside Road. An outstanding personality, Mrs. Magoon was on the Hawaii Statehood Committee for many years and assistant to the Mayor of Honolulu. She is on this continent attending the White Shrine Convention in Minneapolis and travelled to the coast to visit her ranch in Washington and to see Mrs. Cooper on Friday night. Some 40 guests attended a party given by Mrs. Cooper Friday night. Mrs. J. L. W. McLean presided over the supper table.

Victorians in London

Lieut. Col. R. D. Travis and Mrs. Travis were among those signing the register at B.C. House, London, this week. Others included: Mr. and Mrs. A. Victor Clarke, Mr. and Mrs. W. H. Briscoe, Mrs. O. V. Hudson, Mrs. F. E. de Wiele, Mr. and Mrs. Stephen Holmes, Mrs. Amy Hopley, Mrs. Agnes Myles, Mr. Terry Farmer, Mrs. Ernie Peden, Mrs. A. Chauvin, Mr. and Mrs. Bertrand Galloway and Mr. and Mrs. P. Boucher.

Engagement Announced

Mr. and Mrs. E. Dubeau announce the engagement of their younger daughter, Barbara Joan to Mr. Rodney Arnold Hafer, son of Mr. and Mrs. Albert Hafer, of Keating, Vancouver Island. Mr. Hafer is a 1958 graduate in Science of UBC. The wedding will take place at Dunbar Heights United Church on Saturday, June 20 at 2.30 p.m.

Visitors from England

Mr. and Mrs. C. W. Smith, Canterbury, England, arrive in Victoria today and will be the guests of Mr. Smith's brother and sister-in-law, Mr. and Mrs. F. T. Smith, Kingsley Street. While here they will visit another brother, Mr. J. B. Smith, and two sisters, Mrs. A. Prior and Mrs. Lilly Savory of Victoria, and two other brothers, Mr. E. A. Smith, and Mr. J. W. Smith and a sister, Mrs. Ellen Mauger, all of Sidney, V.I.

Edward Walter Christened

Edward Walter were the names given the infant son of Mr. and Mrs. Geoffrey B. Jones, 2071 Carnarvon Street, when he was christened at St. Mary's Church, Oak Bay on Sunday by the Rev. Canon H. J. Jones. Godparents were his aunt and uncle, Mr. and Mrs. Neil J. Hill of Vancouver and Mr. J. Wood of Ramstein, Germany, for whom Mr. A. Wilson was proxy. The baby wore an heirloom christening robe. Grandparents are Mr. and Mrs. E. Jones, Shannon Apts., and Mrs. Walter Wilson, Cedar Hill Road and the late Mr. Wilson. Tea was served later in the family residence.

Wedding on June 12

Mr. and Mrs. Kenneth R. Waterman, 1188 Hampshire Road, wish to announce the engagement of Mr. Waterman's daughter, Joyce Sharon, to Mr. Michael Robert Currier, son of Mr. and Mrs. Ernest Currier, 1526 Arrow Road. The wedding will take place in St. Andrew's Presbyterian Church on Friday, June 12, at 8 p.m. with the Rev. R. MacDonald officiating.

Apple Blossoms

PARKSVILLE—Apple blossoms formed lovely springtime decorations at the home of Mr. and Mrs. Victor Dewhurst when they entertained in honor of Miss Rona Dunsmore, popular bride-elect, recently. Mrs. J. G. Flowers assisted Mrs. Dewhurst in receiving the guests and Mrs. Gaylord Merkel and Mrs. Robert Doughty served refreshments.

In Victoria for 10 Days

Miss Jane Curran, daughter of Dr. and Mrs. H. W. Curran of Kingston, Ontario, is in Victoria for ten days as the guest of school mate Miss Myra Johnson, daughter of Mr. and Mrs. J. M. Johnson, 1911 Lullie Street. Both girls graduated this year from Queens University, Kingston. On Saturday, Miss Johnson entertained at a luncheon at her home in honor of her guest. Among the guests were Mrs. K. Moffatt, Mrs. J. Campbell and the Misses Myra Hunter, Barbara Salonen, Marguerite Thomson, Carole McClellan, Barbara Sanson, Maxine Herbert, Carole Smith, Carol Mills, and Susan Lewis.

Bridal Showers

Mrs. F. J. Nobbs was hostess at her Montreal Street home with a cup and saucer shower for Miss Margaret Macintyre. Gifts were concealed in a container decorated with miniature cups and saucers tied with pink bows. White carnations and pink rosebuds were in the honor guest's corsage. Others present were Mrs. H. Macintyre, Mrs. L. E. Jones, Mrs. G. R. O'Neill, Mrs. W. Court, Mrs. N. Barnes, Mrs. F. Barnes, Mrs. A. D. Finley, Mrs. J. R. Macintyre, Mrs. H. K. Terry, Mrs. Elsie Carter, Mrs. J. W. Potter, Mrs. C. Ferries, Mrs. J. Torrance, Mrs. A. F. Nobbs, Mrs. M. Foley, Mrs. A. E. Richardson, Mrs. G. Massick, Mrs. Mark King, Misses May King, Betty Macintyre and Annie King.

Announce Way To Help Drain All 8 Sinus Cavities Without Discomfort

New decongestant tablet for sinus congestion sufferers acts both to drain clogged sinus cavities and relieve distressing head pain

Toronto, Ont. (Special) The swollen doors to the sinus cavities and helps drain away the pain-causing pressure and congestion. The shrinking substance in this new tablet has been so successful topically in promoting drainage of the sinus cavities that it is now prescribed more widely by doctors than any material for this purpose. This new medication is now available at drug counters without the need for a prescription under the name, Dristan Tablets. Dristan Tablets cost only \$1.25 for a bottle of 24 tablets. Buy and use Dristan Tablets with the absolute guarantee that they will drain away pain-causing pressure and congestion of the sinus cavities, relieve the pain and distress, or purchase price will be refunded.

Most remarkable of all is the fact that this is accomplished quickly and without discomfort of any kind. This new tablet does its work internally, through the blood stream. It deposits into every drop of blood plasma medication which is carried to the sinus area, where it shrinks

Maharani

Luxury Bored Her

LONDON (AP)—The blonde English wife of an Indian prince got bored with all that palace life. She's selling washing machines in London.

"Just call me an ordinary girl," said the Maharani of Myseningsh, who once was mistress of a 20-room mansion, a big staff of servants and five automobiles.

"Forget the title. I'm Janet Hicks again."

WASHING MACHINE

The lovely 23-year-old was demonstrating a washing machine in a west-end store. She pushed a shirt into the soap suds under the eyes of a crowd of Cockney housewives.

"My days of luxury may be over, but I've never been happier," said Janet as the machine whirled into life.

THREE YEARS AGO

Miss Hicks and the maharaja met three years ago in an English hotel. He was a guest, she the receptionist. They were married after a whirlwind courtship and Prince Dulu—as she called him—whisked her off to high life in Calcutta.

"It was just one long round of parties and idleness," said the reformed maharani.

"It got so boring I wanted to take a job. But Dulu wouldn't hear of it."

SOMETHING USEFUL

"Now at least I'm doing something useful and earning my own living."

The beauty who gave up a palace now shares a small apartment with a girl friend. Her budget no longer allows her to buy rich clothes. Her hopes of being an actress have faded.

"I've given that up," she said, dropping the dripping shirt into a spin dryer. "I have no more illusions about the stage. It's a vastly overcrowded profession."

"Now I just want to live an ordinary, obscure life."

June Wedding

Mr. and Mrs. F. L. Wood, 220 Nicola Place, announce the forthcoming marriage of their daughter Norma Anne, to Mr. Robert W. Hunter, son of Mrs. G. Hunter, 3841 Roland Ave., and the late Mr. A. Hunter. The wedding will take place on Saturday, June 13, at St. Mark's Anglican Church, Boleskine Road, Canon F. J. Willis will officiate.

What's Cooking!

By LOUISE MOORE

SOON everyone — by some devious route — will be trekking to their summer cottages to see what the winter toil has been—heavy snows, and high winds so often play havoc with those cosy little cabins in the woods. Here's hoping you find things shipshape and ready to move in before summer rolls round.

Of course, you will be packing supplies for those weekend jaunts.

With a hearty casserole, little else is required but a bowl of leaf lettuce, some sliced tomatoes and your favorite dressing. For dessert, take along fresh fruit or several cans of fruit — peaches, pears, plums, cherries.

SALMON AND CORN SCALLOP

Remove skin from a 1 pound can salmon—the cheaper grade will do nicely. Crush the bones and add to the salmon which should be left in not too large chunks. Put into a 2 quart casserole or baking dish. Combine 2 cups of cream style corn, 2 slightly beaten eggs, 1/2 cup soft bread crumbs, 1/2 cup milk, 2 tbsp. minced parsley or green pepper—both if you wish, 1 tbsp. grated onion, 1 tbsp. lemon juice, 1 tsp. salt and 1/2 tsp. pepper. Mix and pour over the salmon. Dot with a little butter and sprinkle with paprika. Bake in mod. oven (350°) about 45 minutes or until set. Serve with wedges of lemon, a tossed salad, bread and butter, and canned plums and cookies.

reduce hips

Engaged to Marry

The engagement is announced between Florence McDonald, daughter of Mr. and Mrs. P. McDonald, 245 Russell Street, and Mr. Charles Stewart, son of Mrs. B. F. Stewart, 536 Niagara Street, and the late Mr. Stewart. The wedding will take place at 8 p.m. Saturday, June 6 in the Queen of Peace Church, Esquimalt.—(Photos by Ryan's Studio.)

Degree Traded for Title

BRIDGEPORT, Conn. (UPI)—Miss Jayne Burkhardt, a statuesque blonde, reigned yesterday as Miss Connecticut, but forfeited a college degree for the title.

The 21-year-old Wethersfield beauty was chosen Saturday night at Bridgeport to represent Connecticut in the Miss Universe contest at Long Beach, Calif. She entered as Miss Hartford.

Miss Burkhardt said she quit St. Joseph's College, West Hartford, after being told by school authorities that she would be expelled if she entered the beauty contest. The new Miss Connecticut would have been awarded her degree next month.

Langford

Langford Recreation Commission will hold a meeting at 8 p.m. in the Legion Hall, Dunford Road, to discuss children's playgrounds.

Garden Notes

Use a Decent Hoe

By M. V. CHESNUT, FRHS

My friend Ernie and I got to arguing the other evening over the question of which is the most important implement in the gardener's armory of tools. Ernie insisted that the hoe gets more use than any other; I placed the hoe third on my form chart, following the hand trowel and the lawn mower.

In any case, the hoe gets plenty of use, and this being the case, it seems to me worthwhile to buy a decent implement rather than some of the cheap junk offered, for if you are going to find yourself on the business end of a hoe handle for some 220 hours of the year, it pays to make sure it is a light, strong, well-balanced tool.

We keep two hoes in our garage. One is the conventional goose-neck type or draw hoe, used for earthing up potatoes and other crops which require soil to be pulled up around the stems. We use it also for taking out shallow trenches in the seed bed for sowing peas and broad beans and the like.

The other implement is the Dutch

hoe, sometimes called a scuffle hoe, in which a small, sharp blade is fitted in a stirrup facing forward. We use this one almost exclusively for weeding and stirring the soil, both in the alleys between the rows and in the rows between the plants, and I make a point of keeping the blade razor-sharp by filing the edge frequently.

Quite a few good gardeners use the draw hoe for weeding but I can't see it in this role. It needs a rather strenuous chopping motion to destroy the weeds and make the soil loose on top, whereas the little Dutch hoe is just pushed back and forth with a scuffling action. The blade slides along just a fraction of an inch below the surface, slicing the weeds off and dragging them to the surface to die in the sun.

The Dutch hoe has a further advantage in that you work backwards down the row and you never need step on the weeded portion. When chopping weeds with the draw hoe, it is necessary to progress forward up the row, which means going back over the work to rake out the foot-

Once you get the feel of the Dutch hoe and become proficient in its use, you can work quite close to your plants without damaging their stems, which saves a lot of hand weeding. It is particularly useful in the perennial border and other informal beds where the plants are not laid out neatly in rows. The blade will penetrate even under the low-growing, overhanging branches of shrubs, too—the kind of spot you can't get at with the draw hoe.

Just between us men, another argument in favor of the Dutch hoe for weeding is that women can use it. Because both the work and the implement are light, it is possible to tempt other members of the family into taking a rather boring and monotonous chore off your hands.

It is just as well to select your Dutch hoe with this in mind, picking one of the smaller sizes with a light, well-balanced handle. Better give the handle a rub-down with sandpaper, followed by linseed oil, just to make sure it is smooth and free from splinters, which might discourage any prospective female helpers.

Television in Review

By William Ewald

Talk Solemnly, Say Nothing

NEW YORK (UPI)—When I watch a show like Sunday's NBC-TV special, "Space-Man's Last Frontier," I feel torn. I know I should be interested in the proceedings, but I find it awfully difficult.

"Space-Man's Last Frontier" dealt with rocketry and space travel, fields honeycombed with excitement. Sunday's hour did contain a few patches that I found arresting, but most of these were frivolous—old film clips of early rocket experiments, rocket cars, rocket rail cars, rocket bikes and even a rocket-propelled roller skater.

The serious portions of the show, however, just seemed wearisomely familiar—space station talk, nose cone re-entry talk and such. Worst of all, the showmakers shoehorned in all sorts of officials who said all sorts of unimportant things in an important manner. When I see something like

this, it convinced me that the prime requisite for getting ahead in the world is saying nothing at all in a very solemn tone.

What the show needed badly was a ruthless weeding out of its pompous dead areas, more visual aids like cartoon sequences and a lot more wit. Its most commendable element was its uninterrupted course: The sponsor happily forewent the usual middle commercials.

Julie Andrews, a blushing brimful of girl, swiped a CBS-TV special Saturday night out from under two old pros—Jack Benny and Phil Silvers.

The show was Benny's last special of the season and Benny and Silvers tandemed to gallop through a couple of very satisfying skits. I liked particularly one that was bunched around a couple of Buckingham Palace guards—a tidy exercise and a very neatly paced one.

But it was Miss Andrews who shot light into the hour. She has a freshness and bloom upon her plus a kind of guileless assurance that shines up a stage. She is, to use a much abused television word, wonderful.

Ernie Kovacs manufactured a rather uneven special for NBC-TV last week.

The opening comedy portions of the show were earthbound, constrained and tainted with obviousness. However, Kovacs certainly redeemed himself in a later nonsense sketch that bordered tremulously on the lip of Dada. It was a swatch of delicate nonsense about the making of a singing commercial for gum stickers and made a beautiful use of silences, semi-statements and inferential facial manoeuvres to construct a weirdball water-sput world of gargoyle-people.

P.S. Ernie, please stay really nutty. I like you better that way.

Hollywood Today

By Sheilah Graham

Gina's Too Hot for Some

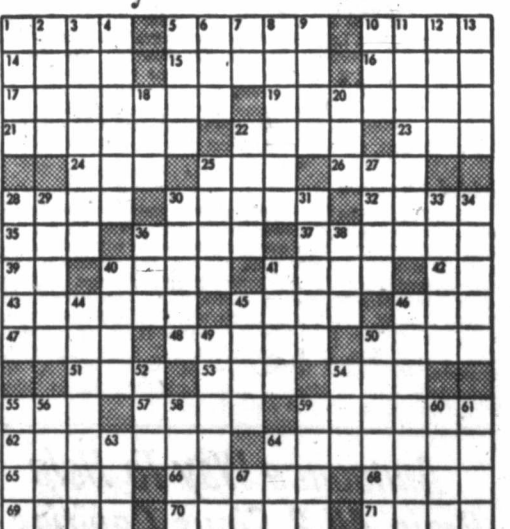

Gina Lollobrigida's French movie, "The Law," was banned by the New York censors. "Was it too strong for American tastes?" I asked the Italian star at Metro (where she is filming "Never So Few" with Frank Sinatra). "It was too strong for the censors," said Gina.

Carmen Phillips, who has an important part in "It Started With a Kiss" with Glen Ford and Debbie Reynolds, plays her big scene in an all-red, all-sequins dress split to the waist—back and front.

Linda Danson, former gal friend of Jon Hall, landed the feminine lead as Dennis Weaver's girl friend in "The Gallant Hours" movie. Jimmy Cagney-Robert Montgomery production of Admiral Halsey's life. Linda plays a navy nurse.

Mitzi Gaynor is getting royal treatment from Joe Fields on the "Anniversary Waltz" set, in New York. Three top beauticians from Elizabeth Arden's Fifth Avenue salon are constantly at the studio to do her coiffure, make-up and massages.

VANCOUVER (CP) — One car rumbled through the new Deas Island Tunnel at the peak of the rush-hour Monday in sharp contrast to the 136,000 that went through during the weekend.

On the toll-free Pattullo Bridge at New Westminster, 14 miles east of the tunnel, about 5,400 vehicles crossed it during the late afternoon rush-hour while a mere 249 vehicles used the tunnel. Toll for the tunnel is 50c each way.

Actress' Legs Win Supporting Award

TORONTO (CP) — Adjudicator Michel St. Denis awarded an honorable mention to an actress' legs for "best support" at the Dominion Drama Festival. Mention went to "the legs, only the legs" of singer and dancer Elizabeth Gray. Mr. St. Denis explained that Miss Gray's role did not allow him to judge properly the rest of her talents.

Hostages Escape Crazy Slayer

DALLAS, Tex. (UPI) — A lunatic who had plotted for more than a year to kill former governor W. Lee O'Daniel and his wife for evicting him, murdered a carpenter Monday and threatened to murder four hostages while trying to put his plot into execution.

The hostages all got away, although he handcuffed two—a young man and his wife—together. The lunatic, Frank Windsor, about 40, died in a hail of bullets from police pistols and a submachine gun.

The O'Daniels didn't know about Windsor's frenzy to kill them until an ambulance was hauling his body away from the house where he seized three of his hostages Sunday night.

OVER SHOULDER

Windsor shot the carpenter, R. G. Russell, over the shoulder of Mrs. Iona Dickinson, 68, one of his hostages. The other hostages were Mr. and Mrs. Leslie Darter, who have three children, and Alfred Webb, who works with Darter.

For 10 or 11 hours, Windsor held Mrs. Dickinson and the Darters in the Darter home with the three Darter children, but there was no indication he threatened the children.

He killed the carpenter and was killed himself in the Dick-

inson home next door, where he had an apartment.

Plotting to kill the O'Daniels, Windsor had collected a rifle, a pistol, a gas mask, ropes, chains and handcuffs in his apartment.

Mrs. Darter asked at the hospital whether Windsor was dead. She was told that he was.

"Oh, good, I'm sure glad," she said. "God, I had given myself up for dead all night."

Mormons To Sing

A crowd of 500 persons is expected to hear the famed Mormon Youth Choir of 75 voices at a recital in Central Junior High School Auditorium at 8 p.m. tomorrow.

A spokesman for the sponsoring organization, Church of Jesus Christ of Latter Day Saints, said ticket sales at city stores indicate 400 seats will be sold before the doors open. Tickets will be available at the auditorium.

The program, under the direction of Gene Jorgensen, will feature solos by two Brigham Young University students of Salt Lake City, Utah, Joie Falslev, soprano, and Sam Thompson, tenor.

Police Board Prepares Letter

Missing Mayor Irks Commission

Members of Victoria's police commission were unhappy with Mayor Percy Scurren yesterday, and directed a letter be written to His Worship telling him so.

Step was taken at a regular meeting of the commission called for 2 p.m. yesterday after three changes of date and time for the meeting—some of these changes made at the mayor's request.

At 2:15 p.m., a telephone call to the office of the mayor, who is chairman of the commission, elicited the information

that he was engaged in a special city council meeting. He had not telephoned to advise other commissioners of this, they said, nor had he delegated someone to act for him.

Meeting got under way at about 2:20 with the arrival of Commissioner C. I. Dowman, who had been delayed by a traffic accident.

Commission letter to the mayor asked that he appoint someone to represent him at commission meetings when he is unable to attend.

Commissioners accepted a tender by the Loyal Cafe, 549 Fisgard, to provide meals for prisoners in the city jail. Final meals by the Market Cafe, present contractor, will be served May 31, and the new contractor will start the following morning.

A letter from city clerk Frank Hunter advised commission of acceptance by city council of the police department budget of \$614,949 for the current year. Only one item—\$500 from the telephone estimate—was cut off by aldermen.

Commissioners granted permission to call tenders for two new cars and two new motorcycles for police department, and to purchase certain police equipment including 11 helmets for motorcycle officers.

Basutos May Starve

Africans Face Death in Snow

DURBAN, South Africa (Reuters) — Africans are threatened with starvation—and some may have frozen to death—following the heaviest snowfalls for the last 30 years in the Mokhotlong district of the British protectorate of Basutoland.

David Alexander, director of the Mokhotlong Mountain Transport Company, who flew out of the area with his family in a light aircraft, said snow lay six to eight feet deep in the area.

Animals had frozen to death and it was feared that some Basutos might have suffered a similar fate.

All communication with eastern Basutoland and the outside world had been cut off except by light aircraft, Alexander said.

Meanwhile, property damage was estimated at more than \$14,000,000 in the wake of disastrous South African floods in which at least 60 persons died.

Aircraft flying over hard-hit areas in Natal reported 16 rail and road bridges knocked out and many smaller bridges damaged.

The floods left a multi-million-dollar rayon pulp plant at Umkomaas, about 30 miles from here, in about five feet of silt.

Jails May Become 'Beacons of Hope'

VANCOUVER (CP) — Justice Minister Davie Fulton said Monday Canada is aiming for the best penal reform system in the world, and the government plans "a complete program of reformation and revision."

Mr. Fulton told the Canadian Congress of Corrections definite steps will be taken when he receives the report of a correctional planning committee in December.

The new program, he said, will be based on "reformation instead of retribution."

"Prisons were a place of despair, 100 years ago," he said.

"The day will soon come, I hope, when they become beacons of hope."

How the Newspaper Helps Advertisers . . .

With an Accurately "MEASURED" Audience . . .

When you buy space in a newspaper, you know EXACTLY how many copies will be delivered . . . precisely the number of homes and families your sales message will reach. Through our membership in the Audit Bureau of Circulation*, we can tell on a day-to-day basis our exact circulation figures, DOWN TO THE LAST COPY! NO OTHER ADVERTISING MEDIUM CAN MAKE THIS STATEMENT and show you the actual proof!

Be wary of claims made on the basis of "samplings" and "polls." Your common sense will tell you that rough estimates of audiences with whom there is no direct, day-to-day contact must be largely the figments of overzealous imaginations. NEWSPAPERS ARE ON THE RECORD! THEIR CIRCULATION FIGURES ARE AVAILABLE ON INQUIRY. There is no substitute for the factual, written record!

* This newspaper is a member of the Audit Bureau of Circulation, a non-profit, co-operative association of publishers, advertisers and advertising agencies. Our circulation is audited at regular intervals by experienced A.B.C. circulation auditors and their reports are made available to our advertisers without obligation.

SUPPLIES

SAVE \$10.00
ON ELECTRIC SAW

Brand new 17" Beaver, the most
versatile portable electric saw on
the market. Cuts 2" deep at angle
to suit rather than from floor. Jaws
rip plywood. Pays for itself in one
hour construction job. One-year
guarantee. Entire stock of 1958
models reduced by \$10 to low price
of only \$49.95.

SAVE \$3.00
ON FOLDING DOORS

The Kesterper accordion-type fold-
ing door. Vinyl plastic fabric in
choice of three lovely shades. In-
terior finish of steel, true run-
ning nylon slides, fits any opening
tightly. Two widths, individually car-
toned.

36 inches wide, each.....\$12.95
48 inches wide, each.....\$14.95
Most homes require three folding-
type doors, so when you purchase
Kesterper doors in lots of 3, at one
time you pay \$1 per door less.

SAVE \$5.00 ON
STEEL GARAGE DOORS

New shipment of all-steel heavy
overhead garage doors. Painted
gray, complete with sturdy lock
and hardware. Easy and quick to in-
stall.

Sizes 8'x7', 8'x8' and 8'x9'
Regular \$44.10. This week only
\$39.10.

Haitian's Charge 'Silly'—Ottawa

OTTAWA (UPI)—Immigration officials have branded as "silly" charges by a Haitian couple that they were refused permanent entry into Canada because of the "racial prejudices" of the present Conservative government.

An immigration department spokesman said color had "absolutely nothing to do with a deportation order against Jean Oreste Volcy, 27, his wife, Andrea Keanne Louis, 22, and Canadian-born child.

"No one has ever been deported from this country on grounds of color alone," the spokesman said.

"It would seem that the present government has racial prejudices," said Volcy.

The immigration spokesman said Volcy had not complied with regulations and had "falsified" evidence in his application.

Alaska Halibut Catches 'Phenomenal'—Fisherman

VANCOUVER (CP)—A Burnaby fisherman reports "almost phenomenal" first catches this year from the Sewer Gully halibut grounds near Kodiak, Alaska. Fred Kohse, owner of the Sleep Robber, delivered his 133,000-pound catch at Seattle. It was one of the largest single catches in 35 years, officials said. The catch was worth \$27,000.

Race Riot Fears Rise

LONDON (AP)—A wave of racial hatred has brought fears of rioting in the slum areas of west London. Wherever London's 15,000

Negroes live, side by side with whites, walls are splashed with slogans such as "Don't let niggers into this country" and "Go home, Jim Crow."

A fascist political movement led by Sir Oswald Mosley, a Hitler admirer, wants to solve the color problem by sending all Negroes back to their homelands and prohibiting any further immigration into Britain.

In the grimy Notting Hill district, a Negro was knifed to death recently by six white youths for no reason, according to a witness of his own race, except the color of his skin.

Two anti-Negro organizations calling themselves the White Defence League and the National Labor Party poured out race hate venom at a joint meeting in Trafalgar Square Sunday. There were jeers from some sections of the crowd.

One speaker, Colin Jordan, declared Negro immigration is due to Jewish influence. He asserted dark-skinned immigrants are "riddled with infectious diseases, including leprosy."

Club Sets Meeting

Short Duel After Fittings

Dapper Thieves 'Deaf' to Alarm

Thieves with a taste—or need—for new clothing, a flair for dramatics and a deaf ear for an alarm bell robbed Les Palmer's Men's Wear Ltd., 714 View, of clothing valued at about \$719 Sunday night.

Store assistant Vicki Rogers discovered the break-in when she arrived for work yesterday, and notified city police. City detectives found entry

had been gained by forcing a wooden hatch on the store roof, then breaking through a ceiling and reaching the store from a mezzanine floor.

Once inside, the burglars ignored the store's burglar alarm, located at the front of the store and which, Mr. Palmer said, must have rung for a "minimum" of 20 minutes without attracting outside attention.

The thieves ransacked the store's stocks, and appeared to have selected full outfits for three people—one large man, one medium-sized, one smaller. Culprits, said Mr. Palmer, took shoes, socks, underwear, shirts, ties, suits, jackets and topcoats.

Between fitting these in front of a store mirror, the thieves "worked out" with some fencing equipment taken from the stock and left on the floor.

Two offices in a building at 536 Broughton were broken into during the weekend, but apparently nothing was taken, police were told.

Willis & Cunliffe Engineering Ltd. of that address said someone opened a window from the roof to enter office 104, where they ransacked drawers in vain; then forced a door to the Workmen's Compensation Board office in 134 and went through desk drawers and brief cases without success.

A \$75 commercial car jack was taken from the yard of A's Auto Wreckers, 214 Dundas, by burglars who climbed a fence for entry during the weekend. The jack, however, was left behind the office.

Colors on TV Incompatible

TORONTO (CP)—A young Negro student was asked to stop dancing with a white girl on the Buffalo, N.Y., television program Dance Party Saturday when the station was "swamped" with protest telephone calls. Clayton Johnston, 15, of Toronto, was dancing with schoolmate Patty Banks when the calls started. They and 44 other Canadian students had gone to Buffalo accompanied by two chaperones to take part in the program.

Dockside Blaze Sweeps Big Tug

VANCOUVER (CP)—The 850-ton Superior Straits, one of the largest tugs on the B.C. coast, was heavily damaged by fire Monday while moored at a dock in Vancouver harbor.

Firemen battled the fire for 40 minutes before bringing it under control. The blaze began in a galley while all 15 crew members were ashore.

When should you buy Life Insurance?

The best time is when you are young because then annual premiums are low. But many young married men face a dilemma. They decide to postpone the purchase of life insurance till their family situation creates a greater need. However, they find later that premiums are higher and in the meantime, they run the risk of being uninsurable. Here's a sound formula for meeting the problem. It's Manufacturers Life's "Security Graph plus G.I.B."—Security Graph helps avoid costly postponements by setting up a plan for buying insurance according to future needs and ability to pay. G.I.B. is a new policy rider that enables the buyer of a new policy to purchase more insurance at regular rates at specific dates in the future—regardless of changes of health or occupation.

Talk to the Man from Manufacturers Life about this new security formula today.

NATIONAL MOTORS TRUCKS

HOW MANY OF THESE ITEMS CAN YOU USE IN YOUR BUSINESS?

Successful business transactions depend on the speed with which instructions are received and implemented. Don't handicap your office and sales staff with obsolete communications. We supply a wide variety of equipment, suitable for any size business. One of our representatives would be glad to show them to you. Just call our Business Office.

<p>ELECTRONIC SECRETARY UNIT Answers your phone with a recorded message; asks the caller to leave his message, then records reply. This small, compact unit enables firms to offer 24-hour service.</p>	<p>SECRETARIAL ANSWERING UNITS To speed calls and avoid calls going astray, you'll find these extremely useful. When required, one person can answer up to ten designated phones.</p>
<p>TELETYPE Provides instant and accurate inter-city typewritten communication between branch offices. Many firms find Teletype indispensable for production and shipping control, sales reports, etc.</p>	<p>KEY PHONES Can be used to make and receive calls over more than one line. A call on one line can be held while another is answered.</p>
<p>PRIVATE BRANCH EXCHANGE (PBX) Available in capacities from 10 local lines and three trunks to custom equipment providing hundreds of local and many trunks. Essential for smooth control of incoming and outgoing calls.</p>	<p>I.D.P. Integrated Data Processing. IDP is automation of paper work—an advanced system combining the speed and efficiency of Teletype, leased lines and modern business machines.</p>
<p>SPEAKERPHONE Enables user to move about the room or take notes, and talk on the phone at the same time. Perfect for conference calls. Converts instantly to conventional telephone.</p>	<p>INTERCOM SYSTEM Provides fast, efficient communication between members of staff. Can be installed in any number of units, for large or small businesses. Additional equipment installed as required.</p>
<p>DIALAPHONE Dials your telephone calls automatically. You record the numbers you use most often, up to 800, on a perforated paper tape. Then simply turn to one of these numbers on the index and press a lever.</p>	<p>CALL COLLECT & ZENITH SERVICE Subscribing to these Long Distance Services is like establishing branch offices at low cost. They enable out-of-town customers to call you free by Long Distance, to order, or to get information.</p>

Slashing Attack

Soviet Line Bittersweet

Gromyko To Attend Dulles Rites

GENEVA (UPI)—Soviet Foreign Minister Andrei Gromyko delivered one of his bitterest anti-western tirades at the Geneva conference yesterday and then let it be known that he would go to Washington for the funeral of John Foster Dulles. (See page 5.)

A Soviet spokesman announced last night that Gromyko would join the big three western foreign ministers and West German Chancellor Konrad Adenauer in attending the Washington rites Wednesday.

BITTER EXCHANGE

Only a short time before, Gromyko had exchanged bitter words with U.S. Secretary of State Christian A. Herter, accusing West Germany of attempting to touch off World War III.

Herter fired back by declaring bluntly that Gromyko's allegations were slanders designed to "resurrect old fears and bygone hatreds."

The big four foreign ministers conference exploded into angry debate just after Gromyko had joined Herter and the other western foreign ministers in paying tribute to Dulles.

DEEP SYMPATHY

Gromyko had expressed "our deep sympathy" at America's loss. But he had kept the West guessing about whether he would fly to Washington until the Soviet announcement.

Gromyko and the West had agreed to recess the conference for two days—Wednesday and Thursday—to permit Herter and the other big three Western foreign ministers to go to Washington.

The U.S. Secretary of State, accompanied by Britain's Selwyn Lloyd, and France's Maurice Couve de Murville, will fly to Washington for the funeral after a brief, early conference session scheduled for today.

WHICH CRAFT?

Soviet delegation spokesman Mikhail Kharmalov, asked whether Gromyko would go to Washington in his own plane, said "I do not know."

The Soviet decision to send Gromyko to the funeral of the man with whom he had so often traded angry words was seen here as an attempt to reap a propaganda harvest. Dulles was the man the Communists considered public enemy number one.

VERY GLAD

An American delegation spokesman here said that the U.S. delegation here was "very glad" that Gromyko could make the trip but it was made plain that he would not make the trip either in Herter's plane or that of Defence Secretary Neil H. McElroy.

The United States, meanwhile was reported to have quietly quashed an East German attempt to use Dulles' funeral as a bid for recognition of Communist East Germany.

Embassy Child Snatched

ASUNCION, Paraguay, (UPI)—The baby granddaughter of Bolivian ambassador Luis Arduz Daza has been kidnapped from the embassy residence here in what may be a political plot. It was disclosed yesterday. Paraguayan police threw all their resources into a nationwide search for the 45-day-old girl, Maria Berta. They also began questioning some of the 300 Bolivian political exiles in the city.

There's Snow End to It

CALGARY (CP)—An Arctic weather system brought a sharp reduction in temperatures and up to six inches of snow Sunday and Monday to some parts of southern Alberta. Threat of snow continues today.

FIVE-TON TRAILER VAN RUNS OVER CITY MAN

He's Still Alive To Tell the Tale

Miraculously alive and in "satisfactory" condition at Royal Jubilee Hospital is a young Victoria man who yesterday was run over by a five-ton trailer van.

Thomas Alexander, 22, of 430 Niagara, suffered under-terminated back injuries in the accident, which occurred in the yard of Heaney Cartage & Storage Ltd. on Quesnel Street.

TESTING BRAKES

Alexander, a mechanic at the yard, was under the huge trailer testing the vehicle's air brakes, at about 2:10 p.m.

Not knowing Alexander was working on the trailer, and unable to see him for its bulk, John B. Kennedy, 489 Grafton, got into the attached truck to move the vehicle.

RIGHT OVER BODY

One of the big double wheels passed right over Alexander's body. Empty weight of the trailer is 9,970 pounds.

The victim, still conscious, was rushed to hospital in a city police ambulance for treatment and X-rays.

"A MIRACLE"

The mechanic's wife, Mrs. Diane Alexander, who spent an anxious afternoon and evening awaiting outcome of X-rays at the hospital said, "I guess it's a miracle he's all right."

NO CHARM

She said her husband does not carry any good luck charms, and that apart from a number of broken bones received while playing football in high school, this was the first time he had come so close to a tragedy.

THOMAS ALEXANDER

RCMP Catch Young 'Sons'

NELSON (CP)—Two more Sons of Freedom Doukhobor children were admitted to New Denver dormitory Monday after being picked up by RCMP the day before. It brought to four the number picked up by police in the last week. The two were spotted in the company of adults.

Here's Goliath That Did the Damage

Thomas Alexander, 22, of 430 Niagara, is in "satisfactory" condition at Royal Jubilee Hospital after being run over by double wheels of huge trailer, above, in accident yesterday at Heaney's yard. At right are city

police traffic officers Walter Calwell, left, and Murray MacArthur, talking to John B. Kennedy, 489 Grafton, fellow-employee of Alexander's.—(Colonist photo by Bud Kinsman.)

PRINCE PHILIP
... wise-cracks

Big Welcome

Race Riot Area Seen By Prince

LONDON (Reuters)—Prince Philip Monday night toured Notting Hill—London's racial trouble spot—and found nothing but gaiety and wise-cracking teen-agers.

White and colored residents alike gave him a boisterous, friendly reception.

He went to two boys' clubs in the area where Kelso Cochrane, a 32-year-old West Indian Negro, was stabbed by one of a gang of white youths eight days ago.

Philip's light-hearted reception was the only aspect of the royal tour that occasionally embarrassed officials.

At a rugby club, a large crowd surrounded his car on arrival and he had difficulty getting out of the vehicle.

Canada Last On List For Bomarc

OTTAWA (CP)—Defence authorities said Monday that a shaky aspect of Canadian adoption of the American Bomarc anti-aircraft missile is that this country has no control over development or production of the weapon.

If development of the Bomarc-B, the solid-fuel missile which Canada is scheduled to put into operation in late 1961, were slowed in the U.S., Canada would have to wait longer for the weapon.

And if the U.S. decided against Bomarc-B production, this country would be left without an air defence weapon.

This problem has come to the forefront in recent weeks because of the controversy between the U.S. Army and Air Force over air defence missiles. The former is reported dead set against continued major investments in the Bomarc.

Officials said that Canada will not get the first Bomarc missile though this country lies in the direct path of any Soviet bomber assault on the United States. The first of these weapons will go to bases in the U.S.

The RCAF likes the Bomarc and is convinced it will attain its advertised performance: a range of more than 400 miles and effective operation from sea level to 90,000 feet.

The RCAF, however, does not regard the Bomarc as an exclusive weapon and still feels it should have a super-sonic manned interceptor to patrol Canadian air space if for no other reason.

Duplication Danger

Red Bids to Buy 'Don't Fool Us'

VANCOUVER (CP)—Overtures by Communist China and Russia to buy Canadian farm equipment are only efforts to purchase one or two units and then duplicate them in those countries, J. H. Shiner, vice-president in charge of marketing for Massey-Ferguson Ltd. said Monday. He said the company had received "casual inquiries" about selling to Communist China and Russia "but we haven't been fooled."

Another danger about selling to China and Russia was that if Canada sold to them, they would expect to sell to Canada. With their wage rates this would mean trouble, he said.

DEAN G. F. CURTIS
... chairman

IWA Dispute

Law Dean To Judge Pay Fight

VANCOUVER (CP)—Dean George F. Curtis of the UBC law faculty will be chairman of a conciliation board to hear the B.C. coast lumber industry wage dispute.

Appointment was announced by Labor Minister Wicks Monday. Earlier, Terry Watt of Vancouver was named the industry's representative and James Bury was appointed representative of the IWA.

No date has been set for the first board meeting, Mr. Wicks said.

The IWA's 28,000 members are seeking a 20 per cent wage increase in their basic rate of \$1.72 an hour while the 141 operators have made no offer.

United Church Asks:

Tighten Up Tests For Drunkenness

VANCOUVER (CP)—A law to allow blood tests as evidence of drunkenness in traffic cases is being asked by the United Church of British Columbia.

In a resolution passed at its annual conference here, the church decided to ask both Ottawa and Victoria to consider a rating of more than .15 per cent blood alcohol as drunkenness and of more than .08 per cent as impairment.

At present a .15 reading is accepted as impairment by most police court magistrates. The conference will ask the Canadian Association of Broadcasters to reject all requests for liquor advertising on radio and television "in the interests of public welfare particularly at the family level."

In a fourth resolution, the B.C. government will be asked to turn "not less than one per cent" of its liquor sales profits towards alcohol education.

"The number of known alcoholics in B.C. is increasing annually at a continually accelerating rate," the resolution said.

For CCF

Indian Chief To Run

WINNIPEG (CP)—An Indian chief was named by the CCF party Monday to run for the Rupertsland seat in the Manitoba legislature.

Chief Alfred James Cook, 60, with a long record as an Indian leader, was named by the CCF provincial executive. Most of Manitoba voted May 14 in a general election but elections in Rupertsland and Churchill, the other big northern constituency, were deferred to June 11 because of spring travel difficulties.

Hitchhikers and Their Drivers 'Help Push BCE into the Red'

Hitch hikers are helping push B.C. Electric transit operations in Greater Victoria into the red, Coun. Vincent Rush told Esquimalt council last night. (See Page 17.)

He suggested passing a by-law forbidding motorists from picking up hitch hikers within the municipality.

"I travel four times a day between here and Victoria," said Coun. Rush. "At any time of the day there are 35 people trying to get a ride and some motorists stop and pick them up."

"If this wasn't allowed by law, they'd have to travel by bus."

Coun. Rush said that hitch hikers were both "young people and working people" and added "they are not only doing the B.C. Electric out of bus fares but are a traffic hazard as well."

Council took no action on his suggestion.

In Duncan Hospital

Tire Blast Hurts Youth

DUNCAN—A teenager is in "good" condition in hospital here after being injured in an "unheard-of" accident when a tire was handling exploded.

He is James Wright, 18, Dyer, an official of the company. He said the tire was "next to new" and that it caused "quite an explosion." Wright received a leg injury and face and hand cuts.

Military Funeral

RCAF Pioneer Dies in Duncan

DUNCAN—Military funeral services will be held tomorrow for Claude Jackson, 56, one of the first 300 members of the Royal Canadian Air Force and veteran of the second World War.

The well-known Canadian Legion member died Saturday in Chemainus General Hospital after a lengthy illness.

He was born in England and was nine when his parents emigrated to Canada and

started a farm at Edmonton. He lived at Port Hardy and Vancouver and had been a cook at various B.C. construction camps. For the last 3½ years he lived in Chemainus.

Surviving are his widow, Dorothy; two brothers in California, and a sister, Mrs. R. Brooks, Vancouver.

Rev. Alan Hawes will officiate at the graveside service in Chemainus cemetery at 2 p.m. Hirst funeral chapel in charge of arrangements.

16 Boys, One Girl Visit Dairy Farm

New Crab Boat Reaches Tofino.

TOFINO—The 40-foot crab boat, Stubbs Isle, shipped overland from Nova Scotia to Vancouver, was brought here on the weekend by its owners, Pierre Malon and T. A. White, both of Tofino.

The 11-ton craft was fitted with a new diesel engine in Vancouver. It will be operated from Tofino Crabbing Co. which is owned by Mr. Malon and Mr. White.

CHEMAINUS—Agriculture class of Chemainus High School, which includes 16 boys and one girl, paid a recent visit to the Cowichan dairy farm of Grant Lovveth, a Cowichan school trustee.

The group was accompanied by instructor C. F. Lambert and Kenneth Jameson, district agriculturist.

Tour of the 40-acre government supervised farm management farm covered many phases of modern dairying.

Pearl divers of the Polynesian islands are able to remain submerged as long as five minutes.

IWA District 1 president Joe Morris, bottom, who once headed local 1-80 in Duncan area, returned to install George Smythe, centre, as president for his third consecutive year Sunday. Financial secretary Edward Linder, top, was returned to office for his 11th year.—(Thompson photo.)

IWA Local First

Cowichan Sets Up Strike Committee

DUNCAN—The executive of Local 1-80, International Woodworkers of America, was authorized Sunday to set up a strike committee here.

The move, believed one of the first in the coast area, came at a general meeting of the 4,000-member local.

It backs up the coast executive's "no contract, no work" policy adopted last March.

Local 1-80 president George Smythe said the motion came up as the result of conciliation officer R. G. Clements failing to bring down a report that would eliminate the necessity of a conciliation board.

The union's contract expires June 15. Clements was appointed by Labour Minister Lyle Wicks and was supposed to have provided a "short cut" to an agreement between the union and coast lumber operators.

In other business, Mr. Smythe said IWA pickets are still on the job in Newfound-land and that \$6,000 had so far been sent from here to aid them.

The union set a \$1 assessment per member last March and all collections are not in said financial secretary Edward Linder.

Returned as president for a third year was Mr. Smythe. Mr. Linder was returned for his 11th year.

Other officers installed by district 1 president Joe Morris are John F. Coldwell, first vice-president; Alexander McEwan, second vice-president; William T. Morgan, third vice-president; Robert Bouchard, recording secretary; Leonard Baker, conductor; Ross Davis, warden, and Frank Wilson, three-year trustee.

Nanaimo Women

Fallout Over B.C. Blamed on Reds

NANAIMO—Local Council of Women here backed a resolution yesterday which blamed the rate of radioactive fallout over British Columbia on Russia.

The council is asking that the federal government press for a nuclear tests ban in all countries of the world.

Tests taken by members of the University of B.C. showed radioactivity over Vancouver during a rainfall last October was 150 times greater than

normal. The resolution, put up by the Vancouver Council of Women, said that atomic explosions were already having some effect on newborn babies. It blamed the high rate of fall out over Vancouver on Russian nuclear tests.

Nanaimo Council of Women

Released Prisoners Should Get Benefits

NANAIMO—A prisoner who has paid into unemployment insurance funds before being jailed should be eligible for unemployment insurance benefits on his release.

This was the opinion of the Local Council of Women here which has decided to ask that the federal government extend benefits to those being released from penal institutions "provided they are willing to accept the work offered by the National Employment Service."

The women felt that funds derived from the insurance scheme they have already paid

Victoria Speeders Fined in Duncan

DUNCAN—Fined \$25 each in court yesterday for speeding after being clocked by radar were William Irvine and Gary D. Winters, both of Victoria.

What's New?

EATON'S Parking Lot

Courtesy at Gordon 1½ hours FREE parking for EATON customers. Parcel delivery from store to lot.

Logs to Cowichan? —Can't Be True

DUNCAN—It seemed like selling refrigerators to Eskimos. People scratched their heads, looked at the five train cars loaded with cedar logs and decided "they're going the wrong way." The logs are bound for Cowichan Lake, one of B.C.'s finest logging areas, where there are three mills.

They are to be used for pilings at the Crown Zellerbach of Canada Ltd. log dump at the west end of the lake, an official said.

"We're sure getting a lot of calls about those logs," said an E & N official.

Lights, Fireworks, Color

Navy Plans Big Show To Mark Royal Visit

Brilliant, Colorful Display Planned

Brilliant and colorful display is planned by the navy to top off the royal visit to Vancouver Island this summer. Scenes will be reminiscent of those during

last year's visit by Princess Margaret when warships of the Pacific Command staged a fireworks display, top; and fleet illumination.—(RCN photos.)

Around the Island

Alberni Civic Centre Planning Underway

PORT ALBERNI—The project of providing a civic centre for the Alberni Valley will be attacked in several phases, according to information given at a general meeting of Alberni Valley Civic Centre Association.

It is proposed to erect the building and provide a sheet of ice as the first phase in the project. Club rooms, swimming pool, tennis courts and other facilities would come later.

President Ald. J. R. Dalton told the gathering of approximately 65 representatives of various organizations that arrangements have been completed with MacMillan and Bloedel Ltd. to permit payroll collection of installments on voluntary pledges. A campaign to raise funds through the sale of pledge bonds of \$100 each is contemplated in order to get the project started.

Those present were assured that money invested in the civic centre will be guaranteed. The association is incorporated under the Societies Act.

A tract of 105 acres of land has been reserved for the past two years by city council.

PORT ALBERNI—A second charge of consuming liquor in public resulted in a fine of \$200 for Anthony Lloyd Anderson, who pleaded guilty in Port Alberni police court yesterday.

Thomas Dick, who told court he had lost his licence in 1952, was fined a total of \$150 when he pleaded guilty to driving without a licence and with impaired driving.

CAMPBELL RIVER—First anniversary of the opening of Campbell River Historical Society museum was marked at a meeting here recently.

Roderick Haig-Brown, guest speaker, praised the work of historical societies that compile historical data for posterity.

On display were bows and arrows, ancient potlatch articles, as well as other Indian relics loaned by Mrs. J. Ferry of the Wee-Wei-Kum band at the Spit.

FULFORD HARBOR—Funeral services for Hugh Hamilton, 89, a Gulf Islands pioneer, were held last week in Pender Island United Church.

Born in Scotland, he came to Pender Island in 1888 at the age of 18. With his brother, Alek, he ran a sheep farm on the island and owned property from Bedwell Harbor to Wallace Point.

He and his brother, respectively, were responsible for the appearance of the first horse and first bicycle on the island.

COURTENAY—Early go-ahead is expected for construction of the first radio station in this city, following approval this week of a broadcasting licence for Billy Browne, 32-year-old Vancouver showman. Mr. Browne has been associated with Vancouver station CJOR through the breakfast-time program started 25 years ago by his father, the late Billy Browne, Sr.

Station will be the sixth on Vancouver Island. Others are CJVI, CKDA and about-to-open CFAX, Victoria; CHUB, Nanaimo, and CJAV, Port Alberni.

VANCOUVER (CP)—The Galiano Chamber of Commerce has dissociated itself from a brief to recreation minister Westwood asking the provincial government to take over the operation of the Gulf Islands Ferry Company.

The brief, prepared by a group from the Inter-island Chambers of Commerce, contends that residents of the islands would benefit from lower fares if the government operated the service.

ALBERNI—Failure of brakes was blamed for an accident Sunday evening when two windows of an Alberni cafe were broken.

According to RCMP, a car driven by Frederick Ussel failed to stop when he applied brakes at the curb in front of Kooty's cafe. A puddle of brake fluid was found on the pavement.

Damage to the car amounted to approximately \$25. It was estimated that cost of repairing the building would be more than \$100.

ALBERNI—Weekend accidents had their aftermath in court yesterday with three drivers in spectacular smash-ups appearing before Magistrate W. E. MacLeod in Alberni police court.

Kenneth Jones, Port Renfrew, was fined \$50 when he pleaded guilty to careless driving. Driving his brother's car and with four passengers, police said he swung wide on a curve of Highway 4 as he drove west on the mountain.

The Jones car struck a vehicle driven by Ivan Eugene Cye, continued on for 128 feet, climbed a bank and struck a bluff 14 feet above the road surface, then turned over. Both cars were extensively damaged but no one was injured.

Gary Wangler, Beaver Creek Road, Alberni, was also charged with careless driving and fined \$50. He was involved in an accident near the junction of Alberni and Port Alberni highways.

Roland Frechette pleaded guilty to the same charge following an accident on Beaver Creek Road in which his car travelled 194 feet along a ditch, struck a log and veered to the other side of the road. He was fined \$40.

Roy E. Wallman, 18, was fined \$25 for exceeding the speed limit on Beaver Creek Road.

LADYSMITH—WO2 Trent Turner and Flight Sergeant Bob Wyckoff of the Ladysmith Air Cadet Squadron received good news this week.

Trent has been selected to go to Camp Borden for a two-month drill instructor's course and Bob will go to Patricia Bay for a four-week flying training course. Both have been members of the local squadron for four years.

LADYSMITH—Municipal clerk R. S. Wood has announced that tax notices will be mailed out later this year than in past years. He said that any property owner wishing to pay his taxes can obtain the correct figure at city hall.

RONALD WEBBER
... remand to June

Youth Stands Calmly

A 17-year-old Grade 11 student stood calmly in city police court yesterday to hear a charge that on May 23 he "did murder James Clifford Lussie."

The youth, Ronald William Webber, 1417 Camosun, where the fatal shooting took place Saturday evening, was remanded to June 1 to set date for preliminary hearing.

There was no plea, nor was application made for bail.

The bespectacled youth appeared unmoved as, wearing a black windbreaker-type jacket and dark trousers, he entered the prisoner's box and looked at the courtroom.

He was represented by defence counsel G. A. Lauder. The dead man, a lieutenant in the Victoria fire department, was a roomer at the home of accused's mother, Mrs. Alice O. Webber.

He was found lying on his left side in a rear bedroom of the house, a single 22 bullet through his chest.

Minutes before his city court appearance, young Webber was ordered transferred to the court from city juvenile court.

During the reading of the charge his mother, who had accompanied Mr. Lauder to police headquarters, waited downstairs.

No inquest will be held into Lussie's death. An autopsy was performed yesterday.

Funeral services for Lussie will be held at 3 p.m. Thursday from McCall Bros' funeral home, Rev. David Murphy officiating. Interment will be at Royal Oak Burial Park.

Military Program Disclosed

A dozen ships of the Royal Canadian Navy will stage a spectacular fleet illumination and fireworks display off Clover Point to mark the Royal visit to Victoria.

Earlier in the day, July 17, the ships will be anchored in Juan de Fuca Strait to provide a nautical backdrop to the stirring military occasion when the Queen presents her colors to the 1st Battalion, PPCLI at Beacon Hill Park.

At the close of the colors ceremony, RCAF planes will streak overhead in a fly-past in the form of an "E".

Details of military events during the three-day visit of the Queen and Prince Philip to Vancouver Island July 16-18 were released at a tri-service press conference held at Esquimalt yesterday afternoon.

The royal couple will travel by sea from Vancouver arriving in Nanaimo aboard HMCS Assiniboine at 10 a.m. on July 16. Four other Pacific Command destroyer escorts will form an escort.

As the royal party steps ashore three CF-100 all-weather fighter aircraft from RCAF station Comox will fly over the ship.

CLOSE TO 1,000

Close to 1,000 members of the three armed services will take part in a tri-service parade held in the afternoon following arrival of the royal party in Victoria.

More than 400 officers and men of the 1st Battalion, PPCLI will take part in the Queen's color ceremonies in Beacon Hill Park on July 17.

When the Queen and her party depart from Patricia Bay airport at 9:30 a.m. July 18 for Terrace, a 100-man air force guard of honor will be on parade along with the band from Trenton air force station.

On arrival in the city the royal party will go to the legislative buildings where the 5th (B.C.) Independent Medium Battery, RCA, will fire a royal salute.

NAVY ROYAL GUARD

The Queen will inspect a navy royal guard and color party under Lt.-Cmdr. H. E. T. Lawrence.

Her Majesty will reply to an address of welcome from Premier W. A. C. Bennett, before going to the legislative chamber to meet MLAs and members of the government.

Afterwards, the Queen will go down the central walk in front of the legislative building to the saluting base on Belleville Street. Some 280 officer cadets of HMCS Venture and university naval training divisions will line the walk.

Capt. J. C. Gray, RCN, parade commander, will lead the tri-services parade, followed by the royal guard with the Queen's color party, HMCS Naden Band, and a 360-member navy contingent.

Twelve operational ships of Pacific Command will anchor off Victoria's waterfront at Beacon Hill Park on Friday morning, July 17.

LYING AT ANCHOR

Lying at anchor in full view of thousands gathered to witness the Queen's color parade, the ships will be "dressed overall" during the forenoon.

Early in the afternoon, the ships will move to new anchor berths off Clover Point so that all will be clearly visible from Government House.

At precisely 10 p.m. the order will be given to illuminate the ships and hundreds of electric lights will blink on, outlining the vessels. At 10:15 the lights will black out.

BURST OF NOISE

A minute later the scene will erupt in a spectacular burst of noise and color as fireworks play over the ships for almost 15 minutes.

As the Assiniboine steams out of Vancouver harbor on the night of July 15 carrying the royal couple to Nanaimo, four other destroyer escorts of the Second Canadian Escort Squadron will follow her in line ahead formation.

The following morning, escort ships will pass the Assiniboine in review.

EDMUND HOFFMAN
... already dead

Rescue Fails

Man Killed As Ditch Caves In

Official Hits Lack Of Shoring

A 29-year-old father of two, Edmund Hoffman, 1032 McGregor, was fatally crushed under three feet of earth yesterday while working in a seven-foot drainage ditch in the 1800 block of San Juan.

Rushed to Royal Jubilee Hospital he was pronounced dead on arrival, despite resuscitation aid.

Fellow workmen employed by Vickery Construction Company on the drainage project for a new subdivision said Hoffman was laying sections of drain in the ditch when the side suddenly collapsed covering him with three feet of dirt.

TOPPLED IN
Handrick von Schulburg said he was standing only a few feet away "when the wall suddenly toppled in."

"I immediately jumped down to him (Hoffman) but I think he was already dead."

Schulburg said he began to shovel the dirt out by hand and was immediately joined by a mechanical shovel.

"We had him free within three or four minutes, then the police arrived."

Schulburg, a construction man for five years, said he believes Hoffman was struck on the back with a heavy piece of clay.

Compensation board inspector R. E. Hill said the men were apparently putting in a surface drain when the bank caved in.

AGAINST STANDARDS

He said the banks were "definitely against board standards—they should have been shored."

Surviving Hoffman are the widow, Nellie at home; two sons, Harold, four, and Ronald, one, and his mother, Mrs. Rosa Hoffman at the same address.

An inquest is scheduled Wednesday at 10 a.m. in McCall's funeral home.

To Avoid Strike

Council Concedes Further

Victoria city council has made further concessions in an attempt to avert a strike of its 250-man outside staff.

The new offer came out of a meeting yesterday morning between representatives of the union and the council, and the provincial government mediator, W. T. McLaughlin.

The hush-hush offer will be put to a meeting of the outside staff members tonight for direction to the executive.

Mr. Wild last night described the city as making a "definite" offer following yesterday morning's meeting with Mr. McLaughlin. He would not amplify the description.

Mayor Scurrah was equally tight-lipped about the situation, last night, commenting only, "I think it is fair to say the door is still open and we are still negotiating."

"The door has not been closed by either the union or the city."

Crash Damage Estimated At \$1,000

An estimated \$1,000 damage resulted from a head-on collision between a sedan delivery and a car on Tillicum near Gorge, at 4:30 p.m. yesterday.

None of the occupants were seriously injured. Driver of the truck was Alois Walbeil, 725 Rupert, and the car was driven by Douglas Brathwaite, Tapping Road, Sidney.

Death Ditch Claims Life

Examining a seven-foot ditch which claimed the life of Edmund Hoffman, 1032 McGregor, yesterday in the 1800 block San Juan, are, from left, R. E. Hill of the compensation board, Const. Ronald Coulter, Const. Norman Baker, Dr. E. L. McNiven and deputy Saanich police chief Jack Hamilton.—(Colonist photo.)

Reeve Raps Bus Cuts

Positive Thinking Suggested by BCE

Reeve A. C. Wurtele, of Esquimalt, last night urged positive thinking by B.C. Electric on transit problems in Greater Victoria—but failed to win over members of his own council.

The reeve scored the "negative approach" adopted by the transit company which blamed falling off of nighttime and holiday bus travel on more cars and more TV sets.

Cuts in services and higher fares, the reeve warned, can only result in fewer and fewer bus riders "until the company eventually goes out of the (transit) business."

"Let's take a positive approach for once," he said.

But councillors couldn't agree, and after a couple of motions failed to get a second, there was a third motion to table the whole matter until the next meeting of council.

In the midst of the general murmur of agreement, Coun. James Bryant spoke up: "I want my vote recorded against."

"But this is a motion to table," someone protested. "I'm against any motion with regard to this matter," Coun. Bryant retorted. His vote was recorded.

Oak Bay council at its regular meeting last night voted not to oppose the B.C. Electric's proposed bus schedule reduction. Earlier Saanich had referred the whole matter to the Public Utilities Commission.

City council representatives and J. Donald Smith, who is challenging legality of the city's downtown parking mall plan, met yesterday to trade documents for examination.

The move is a prelude to legal action planned by Mr. Smith, an MLA for Victoria.

City council representatives and J. Donald Smith, who is challenging legality of the city's downtown parking mall plan, met yesterday to trade documents for examination.

Five-Ton Van Runs Over City Man

'MIRACLE HE'S ALL RIGHT'

Gromyko

Tirade Turns Tribute

GENEVA (UPI)—Soviet Foreign Minister Andrei Gromyko delivered one of his bitterest anti-Western tirades at the Geneva conference yesterday and then let it be known that he would go to Washington for the funeral of John Foster Dulles. (See page 5.)

A Soviet spokesman announced last night that Gromyko would join the big three Western foreign ministers and West German Chancellor Konrad Adenauer in attending the Washington rites Wednesday.

BITTER EXCHANGE

Only a short time before Gromyko had exchanged bitter words with U.S. Secretary of State Christian A. Herter, accusing West Germany of attempting to touch off a third world war.

Herter fired back by declaring bluntly that Gromyko's allegations were slanders designed to "renew old fears and bygone hatreds."

The big four foreign ministers conference exploded into angry debate just after Gromyko had joined Herter and the other Western foreign ministers in paying tribute to Dulles.

'DEEP SYMPATHY'

Gromyko had expressed "our deep sympathy" at America's loss. But he had kept the West guessing about whether he would fly to Washington until the Soviet announcement.

Gromyko and the West had agreed to recess the conference for two days—Wednesday and Thursday—to permit Herter and the other big three Western foreign ministers to go to Washington.

The U.S. Secretary of State, accompanied by Britain's Selwyn Lloyd, and France's Maurice Couve de Murville, will fly to Washington for the funeral after a brief, early conference session scheduled for today.

WHICH CRAFT?

Soviet delegation spokesman Mikhail Kharmalov, asked whether Gromyko would go to Washington in his own plane, said "I do not know."

The Soviet decision to send Gromyko to the funeral of the man with whom he had so often traded angry words was seen here as an attempt to reap a propaganda harvest. Dulles was the man the Communists considered public enemy number one.

The United States, meanwhile, was reported to have quietly quashed an East German attempt to use Dulles' funeral as a bid for recognition of Communist East Germany.

Embassy Child Snatched

ASUNCION, Paraguay. (UPI)—The baby granddaughter of Bolivian ambassador Luis Arce Daza has been kidnapped from the embassy residence here in what may be a political plot, it was disclosed yesterday. Paraguayan police threw all their resources into a nationwide search for the 45-day-old girl, Maria Berta. They also began questioning some of the 300 Bolivian political exiles in the city.

Here's Goliath That Did the Damage

Thomas Alexander, 22, of 430 Niagara, is in "satisfactory" condition at Royal Jubilee Hospital after being run over by double wheels of huge trailer, above, in accident yesterday at Heaney's yard. At right are city

police traffic officers Walter Calwell, left, and Murray MacArthur talking to John B. Kennedy, 489 Grafton, driver at the time of the near-tragedy.—(Colonist photo by Bud Kinsman.)

PRINCE PHILIP
... wise-cracks

Big Welcome

Race Riot Area Seen By Prince

LONDON (Reuters)—Prince Philip Monday night toured Notting Hill—London's racial trouble spot—and found nothing but gaiety and wise-cracking teen-agers.

White and colored residents alike gave him a boisterous, friendly reception.

He went to two boys' clubs in the area where Kelo Cochrane, a 32-year-old West Indian Negro, was stabbed by one of a gang of white youths eight days ago.

Philip's light-hearted reception was the only aspect of the royal tour that occasionally embarrassed officials.

At a rugby club, a large crowd surrounded his car on arrival and he had difficulty getting out of the vehicle.

Canada Last On List For Bomarc

OTTAWA (CP)—Defence authorities said Monday that a shaky aspect of Canadian adoption of the American Bomarc anti-aircraft missile is that this country has no control over development or production of the weapon.

If development of the Bomarc-B, the solid-fuel missile which Canada is scheduled to put into operation in late 1961, were slowed in the U.S., Canada would have to wait longer for the weapon.

And if the U.S. decided against Bomarc-B production, this country would be left without an air defence weapon.

This problem has come to the forefront in recent weeks because of the controversy between the U.S. Army and Air Force over air defence missiles. The former is reported dead set against continued major investments in the Bomarc.

Officials said that Canada will not get the first Bomarc missile though this country lies in the direct path of any Soviet bomber assault on the United States. The first of these weapons will go to bases in the U.S.

The RCAF likes the Bomarc and is convinced it will attain its advertised performance: a range of more than 400 miles and effective operation from sea level to 90,000 feet.

The RCAF, however, does not regard the Bomarc as an exclusive weapon and still feels it should have a super-sonic manned interceptor to patrol Canadian air space if for no other reason.

Duplication Danger

Red Bids to Buy 'Don't Fool Us'

He said the company had received "casual inquiries" about selling to Communist China and Russia "but we haven't been fooled."

DEAN G. F. CURTIS
... chairman

IWA Dispute

Law Dean To Judge Pay Fight

VANCOUVER (CP)—Dean George F. Curtis of the UBC law faculty will be chairman of a conciliation board to hear the B.C. coast lumber industry wage dispute.

Appointment was announced by Labor Minister Wicks Monday. Earlier, Terry Watt of Vancouver was named the industry's representative and James Bury was appointed representative of the IWA.

No date has been set for the first board meeting. Mr. Wicks said.

The IWA's 28,000 members are seeking a 20 per cent wage increase in their basic rate of \$1.72 an hour while the 141 operators have made no offer.

United Church Asks:

Tighten Up Tests For Drunkenness

VANCOUVER (CP)—A law to allow blood tests as evidence of drunkenness in traffic cases is being asked by the United Church in British Columbia.

In a resolution passed at its annual conference here, the church decided to ask both Ottawa and Victoria to consider a rating of more than .15 per cent blood alcohol as drunkenness and of more than .08 per cent as impairment.

At present a .15 reading is accepted as impairment by most police court magistrates. The conference will ask the Canadian Association of Broadcasters to reject all requests for liquor advertising on radio and television "in the interests of public welfare particularly at the family level."

In a third resolution, the B.C. government will be asked to turn "not less than one per cent" of its liquor sales profits towards alcohol education.

"The number of known alcoholics in B.C. is increasing annually at a continually accelerating rate," the resolution said.

Hitchhikers and Their Drivers 'Help Push BCE into the Red'

Hitchhikers are helping push B.C. Electric transit operations in Greater Victoria into the red, Coun. Vincent Rush told Esquimalt council last night. (See Page 17.)

He suggested passing a by-law forbidding motorists from picking up hitchhikers within the municipality.

For CCF

Indian Chief To Run

WINNIPEG (CP)—An Indian chief was named by the CCF party Monday to run for the Rupertsland seat in the Manitoba legislature.

Chief Alfred James Cook, 60, with a long record as an Indian leader, was named by the CCF provincial executive. Most of Manitoba voted May 14 in a general election but elections in Rupertsland and Churchill, the other big northern constituency, were deferred to June 11 because of spring travel difficulties.

"I travel four times a day between here and Victoria," said Coun. Rush. "At any time of the day there are 35 people trying to get a ride and some motorists stop and pick them up."

"If this wasn't allowed by law, they'd have to travel by bus."

He's Still Alive To Tell the Tale

Miraculously alive and in "satisfactory" condition at Royal Jubilee Hospital is a young Victoria man who yesterday was run over by a five-ton trailer van.

Thomas Alexander, 22, of 430 Niagara, suffered undeclared back injuries in the accident, which occurred in the yard of Heaney Cartage & Storage Ltd. on Quesnel Street.

TESTING BRAKES

Alexander, a mechanic at the yard, was under the huge trailer testing the vehicle's air brakes, at about 2.10 p.m.

Not knowing Alexander was working on the trailer, and unable to see him for its bulk, John B. Kennedy, 489 Grafton, got into the attached truck to move the vehicle.

RIGHT OVER BODY

One of the big double wheels passed right over Alexander's body. Empty weight of the trailer is 9,570 pounds.

The victim, still conscious, was rushed to hospital in a city police ambulance for treatment and X-rays.

'A MIRACLE'

The mechanic's wife, Mrs. Diane Alexander, who spent an anxious afternoon and evening awaiting outcome of X-rays at the hospital said, "I guess it's a miracle he's all right."

NO CHARMS

She said her husband does not carry any good luck charms, and that apart from a number of broken bones received while playing football in high school, this was the first time he had come so close to a tragedy.

RCMP Catch Young 'Sons'

NELSON (CP)—Two more Sons of Freedom Doukhobor children were admitted to New Denver dormitory Monday after being picked up by RCMP the day before.

It brought to four the number picked up by police in the last week. The two were spotted in the company of adults.

Coun. Rush said that hitchhikers were both "young people and working people" and added "they are not only doing the B.C. Electric out of bus fares but are a traffic hazard as well."

Council took no action on his suggestion.
